1 EXECUTIVE SUMMARY

1.1 Introduction

The following is a brief summary only and is qualified in its entirety by the more detailed information appearing in the body of this Prospectus. Information in this executive summary is not intended to be exhaustive and should always be read in conjunction with the full text of this Prospectus. The information provided in this summary has been updated until and reflects the situation as per the date mentioned on the cover page of this Prospectus.

1.2 The Fund, Fund Manager and Legal Owner

The Fund is a fund of funds and will invest in Investment Funds mainly focussed on innovative systematic strategies that invest outside the mainstream markets, and primarily in AHL Shares issued by the AHL Fund. The Fund may also hold cash and cash equivalents.

Privium Fund Management B.V. will act as the manager (*beheerder*) of the Fund and TMF Bewaar B.V. will act as Legal Owner of the assets and liabilities of the Fund. In managing the assets and liabilities of the Fund, the Fund Manager will act solely in the best interests of the Participants. The Legal Owner will be the legal owner of all Fund Assets and Fund Obligations. The Legal Owner will acquire and hold the Fund Assets and assume the Fund Obligations on behalf and for the account of the Participants. The Legal Owner will act solely in the best interests of the Participants.

1.3 Fund Objective and Investment Strategy

The Fund's objective is to achieve medium-term capital gains for the Participants. To achieve this, the Fund will primarily invest in AHL Shares issued from the AHL Fund and may acquire interests in other Investment Funds mainly focussed on innovative systematic strategies that invest outside the mainstream markets. The Fund may also hold cash and cash equivalents.

1.4 Legal structure, Tax aspects and Regulatory Position

1.4.1 Legal Structure

The Fund is not a legal entity (*rechtspersoon*) but a contractual arrangement *sui generis* between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Legal Owner for the account and risk of the Participants. The Fund has an open-ended structure. The Fund is governed by the Terms and Conditions. By executing the Subscription Form, a Participant represents and warrants to have reviewed the Terms and Conditions and agrees to be bound thereby. A Participant is admitted to the Fund by the issuance of Participations to the Participant.

The Fund shall have two (2) classes of Participations, Class A Participations and Class B Participations. All Classes provide exposure to the same Investment Objective and Investment Strategy. The sole difference between the different Classes is the currency of the Participations the Participants can subscribe for. Prospective Participants can subscribe for Class A Participations in EUR and for Class B Participations in USD. Because the base currency of the Fund is the Euro, this entails

a foreign exchange risk for the holders of the Class B Participations. The Fund Manager intends to hedge foreign exchange risks. Any profits or losses of currency hedges shall be allocated to the holders of the Class B Participations.

The Participations are redeemable on certain conditions as set forth in this Prospectus and the Terms and Conditions. Participations cannot be transferred, assigned or made subject to any encumbrance.

1.4.2 Tax Aspects

The Fund qualifies as a transparent or “closed” fund for joint account for Dutch tax purposes, since Participations can only be transferred to the Fund itself, as, except for Permitted Transfers, a transfer of Participations is not possible. Consequently, the Fund does not qualify as a taxable entity. Tax is therefore levied on the results and revenue of the investment at the level of the Participants and not at the level of the Fund itself. This implies that for Dutch tax purposes the Fund’s results are directly allocated to the individual Participants in accordance with the size (and, if applicable, the duration) of their pro rata investment.

1.4.3 Regulatory Position

The Fund Manager is in possession of an AFM license as referred to in article 2:65(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.

The AFM license of the Fund Manager has been issued prior to the implementation of the AIFMD in the Netherlands, and was automatically converted into an AIFMD license by the AFM on 22 July 2014, in accordance with the Netherlands AIFMD implementation schedule. This Prospectus is prepared in conformity with the FSA as in force on the date of this Prospectus.

1.5 Fund Governance

The Participants will hold meetings when called by the Fund Manager. The Fund Manager shall call a meeting of Participants (i) as often as the Fund Manager deems necessary in the interest of Participants and (ii) in case of one (1) or more Participants holding, in aggregate, at least twenty five per cent. (25%) of the outstanding Participations request the Fund Manager to call such meeting.

1.6 Distribution Policy

Any distribution to Participants shall be published on the Website. Distributions of Net Proceeds will be made in cash, in EUR in respect of Class A Participations and in USD in respect of Class B Participations.

1.7 Minimum Investment, Subscriptions and Redemptions

The minimum subscription amount is ten thousand Euros (EUR 10,000) per Participant for Class A Participations and one hundred thousand U.S. Dollars (USD 100,000) for Class B

Participations. This minimum subscription amount may be waived by the Fund Manager in its sole discretion.

Section 7 (*Admission to the Fund and Subscriptions*) of this Prospectus contains the subscription procedures. The Fund Manager reserves the right to reject an application in whole or in part.

A Participant cannot transfer its Participations, except for Permitted Transfers, but will be able to redeem its Participations upon its request. The Fund Manager may suspend a redemption under certain conditions. Section 8 (*Transfer and Redemption of Participations*) of this Prospectus contains the redemption procedures.

1.8 **Website**

The Fund Manager's website address is www.priviumfund.com/funds.

3 THE INVESTMENT OPPORTUNITY, RESTRICTIONS, SUSTAINABILITY AND RISK MANAGEMENT

3.1 Fund Objective, Investment Strategy and liquidity Risk

3.1.1 Fund Objective

The Fund's objective is to achieve medium-term capital gains for the Participants.

3.1.2 Investment Strategy

To achieve the Fund Objective, the Fund will primarily invest in AHL Shares issued from the AHL Fund and may acquire interests in other Investment Funds established worldwide mainly focussed on similar innovative systematic strategies that invest outside the mainstream markets. The Fund may also hold cash and cash equivalents.

The Fund will be managed in accordance with the Investment Strategy and the Investment Restrictions. The Fund Manager may only deviate from these provisions and change the Investment Strategy by amending this Prospectus and the Terms and Conditions in the way set forth in Section 5.1.6 of this Prospectus.

If the Fund holds investments denominated in currencies other than the Euro, this entails a foreign exchange risk. The Fund Manager may therefore hedge foreign exchange risks if it considers this to be in the interest of the Fund.

3.1.3 Liquidity Risk

The Fund Manager employs an appropriate liquidity risk policy and has adopted procedures which enable it to monitor the liquidity risk of the Fund and to ensure that the liquidity profile of the investments of the Fund complies with their underlying obligations. In particular, the Fund Manager can restrict redemptions on certain conditions as set out in the Terms and Conditions.

As and when relevant, the Fund Manager shall periodically disclose to the Participants by e-mail:

- a) the percentage of the Fund Assets which are subject to special arrangements arising from their illiquid nature;
- b) any new arrangements for managing the liquidity of the Fund; and
- c) the risk profile of the Fund and the risk management systems employed by the Fund Manager to manage those risks.

3.2 Fund Investment Restrictions

The below restrictions will apply to the Fund Assets.

3.2.1 Investment Thresholds

Article 4:37(c)(5) FSA contains certain requirements for feeder AIFs within the meaning of article 4.1(m) of the AIFMD. Therefore, the Fund Manager shall not (i) invest eighty five per cent. 85% or more of the Fund Assets in units or shares of (a) any one (1) Investment Fund, or (b) more than one (1) Investment Fund where such

Investment Funds have identical investment strategies; or (ii) otherwise have an exposure of at least eighty five per cent. (85%) of the Fund Assets in any one (1) Investment Fund, unless it would believe to still be acting in compliance with article 4:37(c)(5) FSA, for instance if:

- a) following such investment or exposure the Fund shall not fall under the definition of a feeder AIF within the meaning of article 4.1(m) of the AIFMD; or
- b) the competent authorities so confirm.

3.2.2 ***Borrowings***

The Fund Manager is not allowed to lend any of the Fund Assets to a third party or borrow money against such assets, except for bridge financing purposes. For this reason, the Fund shall not employ leverage within the meaning of article 4 under (v) AIFMD.

3.2.3 ***Investment Objective and Strategy of the AHL Shares***

As the Fund will primarily invest in the AHL Shares issued from the AHL Fund, this Section 3.2 of this Prospectus describes a summary of the investment strategy and investment restrictions pertaining to such shares.

3.2.4 ***Investment Objective and Strategy of the AHL Shares***

The investment objective of the AHL Shares is to achieve medium-term capital gains. The proceeds from the issue of the AHL Shares will be applied to the AHL Evolution Programme (as summarised below) through investment in various instruments and equity or debt securities, including but not limited to investment in regulated or unregulated collective investment schemes or other pooled vehicle(s) managed by the AHL Manager or its affiliates which form part of the AHL Evolution Programme. AHL Shares may also hold cash or equivalent instruments.

3.2.5 ***Summary of the AHL Evolution Programme***

The AHL Manager manages the AHL Evolution Programme which employs sophisticated computerised processes to identify inefficiencies in markets around the world. Trading signals are generated and executed via a finely tuned trading and implementation infrastructure. This process is quantitative and primarily directional in nature, meaning that investment decisions are entirely driven by mathematical models based on market trends and other historical relationships. It is underpinned by rigorous risk control, ongoing research, diversification and the constant quest for efficiency.

The cornerstone of the investment philosophy is that financial markets exhibit persistent trends and other inefficiencies. Trends are a manifestation of serial correlation in financial markets – the phenomenon whereby past price movements influence future price behaviour. Although they vary in their intensity, duration and frequency, price trends are universally recurrent across all sectors and markets.

Trends are an attractive focus for active trading styles applied across a diverse range of global markets.

Trading takes place around-the-clock and real-time price information is used to respond to price moves across a range of global markets. The AHL Evolution Programme invests in a varied portfolio of instruments including, but not limited to, futures, options, forward contracts, swaps, CFDs, cash bonds, cash equities and other financial derivatives both on and off exchange. These markets may be accessed directly or indirectly and include, without limitation, stocks, bonds, debt, currencies, credit and energies.

3.2.6 ***Investment Restrictions of AHL Shares***

As at the date of this Prospectus, there are no restrictions on the value of the gross assets of the AHL Shares which may be invested in: (i) any particular instrument or equity or debt security or exposed to any regulated or unregulated collective investment scheme or other pooled vehicle(s); or (ii) cash or any cash management arrangements. The directors of AHL (Cayman) SPC may in their absolute discretion from time to time impose such investment restrictions as shall be compatible with the investment objectives of the AHL Shares or otherwise in the best interests of the investors.

3.3 **Sustainability**

3.3.1 ***Introduction***

The Fund does not promote environmental and/or social characteristics, nor does it have sustainable investment as its objective. In the context of the SFDR, the Fund is therefore not classified as either an Article 8 Fund or an Article 9 Fund. Subsequently, the investments of the Fund do not take into account the EU criteria for environmentally sustainable economic activities. However, in compliance with the SFDR, the Fund Manager does consider the effects of material sustainability risks on the value of the Fund's investments.

Sustainability risks are categorized into Environmental, Social or Governance (ESG) issues and may pose a material risk to the value of an investment.

Some examples of environmental risks are:

- increased taxation on environmentally damaging activities;
- damage to production facilities due to global warming induced flooding; and
- fines for mishandling of hazardous waste.

Some examples of social sustainability risks are:

- negative publicity and loss of contracts after poor handling of digital client data or security;
- closer scrutiny of labour rights in the supply chain; and
- dishonest marketing practices or product safety.

Some examples of governance risks are:

- increasing scrutiny on liveable wages and earnings dispersion within a company;
- ethics, bribery and corruption; and
- anti-competitive behaviour.

3.3.2 ***Policy on the integration of sustainability risks into investment decisions***

Direct investments into equities and debt allow for a direct analysis of the relevant sustainability risks of the intended investments. As this direct link is not available for Funds that invest into other funds, the analysis will have to focus on the investee fund's manager, policies, and reporting on sustainability risk management.

A clear understanding of the sustainability risks in the investee funds is required. Therefore, the due diligence process for any new fund investment will contain at a minimum the following topics:

- analysis of the fund's sustainability risk related disclosures and reporting;
- questioning the fund manager on the sustainability risks the fund is exposed to;
- questioning the fund manager on the concentration of sustainability risks in the portfolio and its development over time;
- analysis of the fund manager's policy for identifying, measuring and monitoring sustainability risks; and
- questioning if the fund manager takes Principle Adverse Impacts into account as prescribed by the SFDR.

This analysis will provide a low, average or high estimated sensitivity of the value of the investment to material sustainability risks and informs the investment decision making process. A high sensitivity does not automatically disqualify an investment from inclusion in the Fund, but this information will be included in the decision-making process.

Irrespective of whether the investee fund is subject to the SFDR, the exposure to sustainability risk is investigated. When the due diligence indicates that sustainability risks are not a sufficient part of an investee fund's investment policies, no investment in the fund will be made.

Considering the broad scope of the underlying funds' investment policies, it is not possible to pre-define which sustainability risks will likely be material. Additionally, the estimated sensitivity of the Fund to specific sustainability risks will depend on the sector diversification of the underlying funds. The broader the diversification across economic sectors, the lower the sensitivity. Also, the underlying funds may invest in assets that are not likely impacted negatively by material sustainability risks due to their nature or intended holding period.

3.3.3 **Monitoring of sustainability risks in the Fund**

A review of the relevant sustainability risks in the portfolio and the estimated sensitivity score is done on as part of the monthly Fund Management monitoring meeting.

3.4 **Risk Management Framework**

Under the AIFMD, the Fund Manager is required to establish and maintain a permanent risk management function. This function should have a primary role in shaping the risk policy of each AIF under management by the Fund Manager, risk monitoring and risk measuring in order to ensure that the risk level complies on an ongoing basis with the AIF's risk profile.

The risk management function performs the following roles:

- a) implement effective risk management policies and procedures in order to identify, measure, manage and monitor risks;
- b) ensure that the risk profile of an AIF is consistent with the risk limits set for the AIF;
- c) monitor compliance with risk limits; and
- d) provide regular updates to senior management concerning:
 - 1) the consistency of stated profile versus risk limits;
 - 2) the adequacy and effectiveness of the risk management process; and
 - 3) the current level of risk of each AIF and any actual or foreseeable breaches of risk limits.

To identify the risk profile and main risks, and ensure the right measurement, management and monitoring of these risks, the Fund Manager has a rigid risk onboarding process. It ensures that the investment process is properly documented and the product itself is properly reviewed.

As described by the AIFMD, quantitative risk limits are, where possible, constructed for various risk categories: market risk, liquidity risk, credit risk, counterparty risk and operational risk. These risk limits should be in agreement with the risk profile of the Fund.

The risk management function is fully independent from the portfolio management function of the Fund Manager. The risk manager has full authority to close positions or the authorization to instruct the closing of positions on its behalf in case of a risk breach.

To ensure that all risk management tasks are executed correctly and timely, the Fund Manager uses an automated system (the “**CM System**”) that registers all risk tasks, keeps a list of all pending risk tasks, and escalates risk tasks that have not been executed or report a violation of a risk rule. The CM System produces an audit log that can be verified by the internal auditor, the external auditor, the management board, the regulator or other stake holders. Not all risk variables have limits but to identify any new relevant risks, every variable that is reported in the CM System flows through a sanity check. The sanity check will raise an exception if the variable falls outside its “normal” boundaries. The risk manager is notified of these exceptions and will make an assessment whether the situation is stable or whether further escalation is needed.

The positions of the Fund are administered and reconciled using Arbor Financial Services and risk reports such as Value at Risk and Stress Scenarios are run using Bloomberg.

The Fund Manager uses an api-based system in which positions and/or risk exposures are synced from the relevant portfolio manager's Excel (or alternative software) to a central database.

The CM System is responsible for monitoring of the pre-defined risk limits. The limits can either be configured as notification limits, soft limits or hard limits. In case of a breach of any of the limits, the escalation procedures are followed as described in the Risk Management Procedures (Annex 17) of the '*Privium Handbook*'.

The reoccurring risk tasks are:

- a) weekly risk report by risk management, including Value at Risk;
- b) monthly reporting by portfolio management;
- c) quarterly operational risk management; and
- d) monthly stress scenarios, whereby extra stress scenarios can be done on an ad hoc basis.

The Fund Manager employs an appropriate liquidity risk policy and has adopted procedures which enable it to monitor the liquidity risk of the Fund and to ensure that the liquidity profile of the investments of the Fund complies with their underlying obligations. In particular, the Fund Manager can restrict redemptions on certain conditions as set out in the Terms and Conditions.

The Fund Manager has established a risk control framework. During the monthly risk meetings all relevant developments regarding risk management at the level of the investment funds under management by the Fund Manager, including the Fund, and the Fund Manager itself are being discussed.

On a monthly basis the Risk Committee of the Fund Manager meets to discuss the performances and risks of the Fund. Any breaches are discussed. On a yearly basis a risk evaluation and product review is being conducted.

4 RISK FACTORS

4.1 Introduction

An investment in the Fund carries a high degree of risk. There can be no assurance that the Fund will achieve its Fund Objective or that the respective investment policies of Investee Funds' investment policy will be successful. The value of the Fund's investments and the Participations may fall as well as rise and returns on past investments are no guarantee as to the returns on future investments. Accordingly, Participants may lose all or part of their investment in the Fund. An investment in the Fund requires the financial ability and willingness to accept for an indefinite period of time the risk and lack of liquidity inherent in the Fund.

Due to the Investment Strategy, the value of Fund Assets can strongly fluctuate. Potential participants should consider, among others, the non-exhaustive list of risks mentioned below, review this Prospectus and its ancillary documents carefully and in their entirety, consult with their professional advisors and conduct and subsequently rely upon their own investigation of risk factors associated with the proposed investment in the Fund. Potential Participants should realize that the existence and occurrence of certain risks may contribute to the existence and occurrence of other risks.

4.2 Risks Relating to the Fund

4.2.1 *Performance*

The Fund's results will largely depend upon the performance of Investee Funds.

4.2.2 *Cash Weighting*

The AHL Fund has a minimum initial subscription requirement in the EUR equivalent amount of one million U.S. Dollars (USD 1,000,000) and a minimum additional subscription requirement in the amount of at least the EUR equivalent amount of one hundred thousand U.S. Dollars (USD 100,000). Other Investee Funds might also have such minimum subscription requirements. Therefore, the Fund might have a higher cash weighting than anticipated for a period of time during which a minimum subscription requirement at the level of an Investee Fund has not yet been met by the Fund.

4.2.3 *Segregation of Portfolios*

It is not intended to segregate the assets and liabilities relating to any Class.

4.2.4 *Foreign Exchange Risk*

The Net Asset Value of the Participations may be affected by exchange rate fluctuations. Because the base currency of the Fund is the Euro, this entails a foreign exchange risk for the holders of the Class B Participations. The Fund Manager intends to hedge foreign exchange risks. Any profits or losses of currency hedges shall be allocated to the holders of the Class B Participations.

4.2.5 ***Counterparty Risk***

The Fund will be subject to the risk of the inability or refusal of payment or clearing institutions, principals or other service providers or other counterparties to its transactions, to perform or to perform in time under such services or transactions. Any such failure, refusal or delay, whether due to insolvency, bankruptcy or other causes, could subject the Fund to substantial losses. It is expected that the Fund will seek to mitigate these risks by reviewing the creditworthiness and reliability of all service providers and counterparties and only entering into transactions with those parties that the Fund believes to be creditworthy and reliable.

4.2.6 ***Inflation***

Due to inflation, the relative value of Participations may decline. The Fund will not specifically hedge inflation risk or take other measures to mitigate this specific risk.

4.2.7 ***Concentration of Investments***

It is in the aim of the Fund to mostly hold Investee Funds Interests. Consequently the Fund Assets may be subject to and experience greater risk and market fluctuation than a fund that has investments representing a broader range of investment alternatives. The Fund could be subject to significant losses if Investee Funds Interests decline in value or are otherwise adversely affected. Lack of liquidity may aggravate such losses significantly. In addition, it may not always be possible to dispose of Investee Funds Interests without incurring significant losses. Potential profits may not always be immediately realisable and may therefore be lost prior to realisation.

4.2.8 ***Cyber security risk***

The Participants are exposed to the risk of a cyber attack or data breach at the level of the Fund Manager or at the level of the service providers. The Fund Manager and service providers have implemented measures to mitigate this risk as much as possible.

4.2.9 ***Delegation risk***

The risk of delegating activities is that a delegated party may not comply with its obligations, notwithstanding existing agreements. The Fund Manager and the delegates have implemented measures to mitigate this risk as much as possible.

4.2.10 ***Changing Legislation***

The regulatory and tax environment for investment funds in general as well as certain financial instruments and other types of investments are evolving and changes therein may adversely affect both the Fund's ability to pursue its investment strategies and the value of its Fund Assets. The effect of any future regulatory or tax change on the Fund is impossible to predict. The fiscal status of the Fund may

change during the term of the Fund. The Participants are urged to seek fiscal advice before participating in the Fund.

4.2.11 ***Unclear Legislation***

Unclear rules and regulations and conflicting advice may result in a breach of rules and regulations applicable to the Fund. Resulting fines and other sanctions and possible damage to the reputation of the Fund, the Fund Manager and other connected persons may result in a negative impact on the Net Asset Value of the Fund and the Participations.

4.2.12 ***Illiquidity of Participations***

Participations may not be registered under any securities laws and, therefore, cannot be resold unless they are subsequently registered under such laws or regulations there under. Participations are also subject to restrictions on their transferability under the Terms and Conditions. There is no public market for the Participations and none is expected to develop. Under certain circumstances as set out in Section 8.3.4 of this Prospectus, the Fund Manager may suspend the redemption of Participations.

4.2.13 ***Illiquidity of Investments***

Some of the Fund Assets may be in assets which are illiquid or may become illiquid under certain market conditions. Accordingly, it may not always be possible to purchase or sell those assets for their expected value or, if applicable, the prices quoted on the various exchanges. The Fund's ability to respond to market movements may be impaired and the Fund may experience severe adverse price movements upon liquidation of its Fund Assets.

4.2.14 ***Limited Rights of Participants***

The Fund Manager has exclusive authority for managing all operations of the Fund. Participants cannot exercise any management or control functions with respect to the Fund's operations, although they have limited voting rights in certain organisational respects as set forth in the Terms and Conditions.

4.2.15 ***Indemnification***

Under the Terms and Conditions, the Fund Manager and the Legal Owner are entitled to be indemnified out of Fund assets against costs, losses and expenses which they may incur or become liable in connection with the execution of their duties. In addition, the Delegate, the Administrator and other service providers also are entitled to indemnity under the terms of their respective agreements for services. These obligations could require substantial indemnification payments out of the Fund Assets.

4.2.16 ***Redemption Risk and Restrictions***

The Fund is an open-ended fund and Participations may be redeemed at the request of a Participant in accordance with the restrictions of Section 8 (*Transfer and Redemption of Participations*) of this Prospectus and the applicable terms of the Terms and Conditions. Accordingly, there can be no guarantee that the Redemption Price reflects the Net Asset Value per Participation as at the date of the Redemption Notice. The Fund Manager may further suspend the redemption of Participations if: (i) a state of affairs exists which constitutes a state of emergency as a result of which the sale of Fund Assets would, in the sole opinion of the Fund Manager, not be practical or would negatively affect the rights of other Participants; (ii) the Participant did not act in compliance with applicable legislation or the Terms and Conditions; (iii) for whatever reason, the valuation of Fund Assets or Fund Obligations to be sold cannot be promptly or accurately ascertained; or (iv) relevant exchanges are not open for business or the sale of Fund Assets is otherwise restricted or suspended. Redemptions may cause the Fund to dispose of assets in order to meet its redemption obligations earlier than anticipated or under less favourable market conditions than the Fund would otherwise have disposed of such assets. This may result in a lower Net Asset Value of the Fund generating lower or negative returns for the non-redeeming Participants. Significant redemptions may lead to significant losses to Participants, which remain invested in the Fund.

4.2.17 ***General Political Factors***

Investment results may be adversely affected by developments in countries in which the Fund Assets or counterparties are located. This may result in a partial or complete loss by the Fund as a result of the breakdown of the country's financial system. Such developments include, without limitation: war; civil unrest, ranging from protests to civil war; changes in the political situation and/or government of a country; acts of terrorism; expropriation and creeping expropriation; and inability to transfer moneys cross-border or convert moneys to hard currency.

4.2.18 ***Sustainability risk***

Sustainability risk in the context of the Fund is defined as the risk of a decrease in the value of an investment of the Fund due to an environmental, social or governance (ESG) related event. Such an event may have a direct negative impact on the financials of the investment or a longer-term impact on the operations or earnings capacity of the investment. The Fund has identified multiple sustainability risks, which may impact the value of its investments to a varying degree.

4.3 **General Risks Associated with Investments in Investee Funds**

The risks similar to those cited with respect to the Fund might also apply to Investee Funds in addition to the specific risks which might be applicable to Investee Funds, such as:

4.3.1 **Market risk**

An Investee Fund may make investments in markets that are volatile and/or which may become illiquid. Accordingly, the ability of an Investee Fund to respond to market movements may be impaired, which may result in significant losses to such Investee Fund.

A public exchange typically has the right to suspend or limit trading in all securities that it lists. Such a suspension could render it impossible for an Investee Fund to liquidate its positions and thereby exposes it to losses. In addition, there is no guarantee that markets will remain liquid enough for an Investee Fund to close out positions.

4.3.2 **Cash Management**

Investee Funds may enter into arrangements by which cash not required for trading purposes will be managed by the investment managers. Such arrangements may include the entry into repurchase or reverse repurchase transactions and other cash management arrangements, including holding cash in bank accounts or secured or unsecured deposits, or investing such cash in corporate or government bonds, or such other instruments as deemed appropriate by the investment manager.

A repurchase transaction involves the sale of securities by a seller to a buyer for a purchase price, and an agreement for the seller to repurchase such securities on a mutually agreed future date for the same purchase price, plus interest at a negotiated rate. From the perspective of the buyer, the transaction is referred to as a reverse repurchase transaction, and involves buying securities against payment of a cash price, with the buyer agreeing to resell the securities at a future date, and the original seller agreeing to repurchase such securities at the same price, plus interest at a negotiated rate. Such transactions are economically equivalent to a cash loan collateralised by the securities.

The use of repurchase and reverse repurchase agreements involves certain risks. For example, if the seller of securities under a reverse repurchase transaction defaults on its obligation to repurchase the underlying securities, as a result of its bankruptcy or otherwise, the Investee Funds seek to dispose of such securities, which action could involve costs or delays. The Investee Funds may suffer a loss to the extent that the proceeds from the disposal of the underlying securities are less than the repurchase price due from the defaulting seller.

4.3.3 **Discretion of Investment Managers; Strategies, Instruments and Techniques**

The investment managers have discretion in the types of financial instruments which they may trade and have the right to modify the trading strategies, instruments or hedging techniques. Any of these new trading techniques may not be thoroughly tested in the market before being employed and may have operational or theoretical shortcomings which could result in unsuccessful trades and, ultimately, losses to the companies. In addition, any new investment strategy, choice of instruments or

hedging technique may be more speculative than earlier techniques and may increase the risk of an investment.

4.3.4 **Short Selling**

Short selling involves selling securities which are not owned by the short seller, and borrowing them for delivery to the purchaser, with an obligation to replace the borrowed securities at a later date. Short selling allows the seller to profit from a decline in market price to the extent such decline exceeds the transaction costs and the costs of borrowing the securities. The extent to which an Investee Fund engages in short sales will depend upon the investment manager's investment strategy and opportunities. A short sale creates the risk of a theoretically unlimited loss, in that the price of the underlying security could theoretically increase without limit, thus increasing the cost to an Investee Fund of buying those securities to cover the short position. There can be no assurance that an Investee Fund will be able to maintain the ability to borrow securities sold short. In such cases, an Investee Fund can be "bought in" (i.e., forced to repurchase securities in the open market to return to the lender). There also can be no assurance that the securities necessary to cover a short position will be available for purchase at or near prices quoted in the market. Purchasing securities to close out a short position can itself cause the price of the securities to rise further, thereby exacerbating the loss.

4.3.5 **Equities**

An Investee Fund may invest in equity securities and equity derivatives. The value of these financial instruments generally will vary with the performance of the issuer and movements in the equity markets. As a result, such Investee Fund may suffer losses if it invests in equity instruments of issuers whose performance diverges from the investment manager's expectations or if equity markets generally move in a single direction and the Investee Fund has not hedged against such a general move. An Investee Fund also may be exposed to risks that issuers will not fulfil contractual obligations such as, in the case of convertible securities, delivering marketable common stock upon conversions of convertible securities and registering restricted securities for public resale.

4.3.6 **Futures**

The value of futures depends upon the price of the financial instruments, such as commodities, underlying them. The prices of futures are highly volatile, and price movements of futures contracts can be influenced by, among other things, interest rates, changing supply and demand relationships, trade, fiscal, monetary and exchange control programmes and policies of governments, and national and international political and economic events and policies. In addition, investments in futures are also subject to the risk of the failure of any of the exchanges on which an Investee Fund 's positions trade or of its clearinghouses or counterparties.

Futures positions may be illiquid because certain commodity exchanges limit fluctuations in certain futures contract prices during a single day by regulations

referred to as "daily price fluctuation limits" or "daily limits". Under such daily limits, during a single trading day no trades may be executed at prices beyond the daily limits. Once the price of a particular futures contract has increased or decreased by an amount equal to the daily limit, positions in that contract can neither be taken nor liquidated unless traders are willing to effect trades at or within the limit. This could prevent an Investee Fund from promptly liquidating unfavourable positions and subject an Investee Fund to substantial losses or prevent it from entering into desired trades. In extraordinary circumstances, a futures exchange or other regulator could suspend trading in a particular futures contract, or order liquidation or settlement of all open positions in such contract.

The price of stock index futures contracts may not correlate perfectly with the movement in the underlying stock index because of certain market distortions. First, all participants in the futures market are subject to margin deposit and maintenance requirements. Rather than meeting additional margin deposit requirements, shareholders may close futures contracts through offsetting transactions that would distort the normal relationship between the index and futures markets. Secondly, from the point of view of speculators, the deposit requirements in the futures market are less onerous than margin requirements in the securities market. Therefore, increased participation by speculators in the futures market also may cause price distortions. Successful use of stock index futures contracts by an Investee Fund is also subject to the investment manager's ability to correctly predict movements in the direction of the market.

4.3.7 ***Forward contracts***

An Investee Fund may make use of forward contracts. Forward contracts are transactions involving an obligation to purchase or sell a specific instrument or entitlement at a future date at a specified price. Forward contracts may be used by an Investee Fund for hedging purposes, such as to protect against uncertainty in the level of future foreign currency exchange rates. Forward contracts may also be used to attempt to protect the value of Investee Fund 's existing holdings of securities held in currencies other than the base currency of an Investee Fund. As is the case for any attempt at hedging downside risk, there is a risk that there is an imperfect correlation between the value of the securities and the forward contracts entered into with respect to those holdings resulting in an unprotected loss. Forward contracts may also be used for investment, non-hedging purposes to pursue Investee Fund's investment objective, for example where it is anticipated that a particular currency will appreciate or depreciate in value.

Forward contracts and options thereon, unlike futures contracts, are generally not traded on exchanges and are not standardised; rather, banks and dealers act as principals in these markets, negotiating each transaction on an individual basis. However, certain forward currency exchange contracts are regulated as swaps by the CFTC and have begun being voluntarily traded on swap execution facilities. To the extent an Investee Fund is treated as a US Person or if Investee Fund's swap

counterparty is a US person (for the purposes of the CFTC's swap regulations), some of these contracts may be required to be centrally cleared by a regulated US clearinghouse, and may be required to be traded on regulated exchanges in the future. Interbank forward and "cash" trading is substantially unregulated; there is no limitation on daily price movements and speculative position limits are not applicable. As in the case of a futures contract, a forward usually only requires a much smaller amount of margin to be provided relative to the economic exposure which the forward contract provides to the relevant investment; it creates a 'gearing' or 'leverage' effect. This means that a small margin payment can lead to enhanced losses as well as enhanced gains. It also means that a relatively small movement in the underlying instrument can lead to a much greater proportional movement in the value of the forward contract. The principals who deal in the interbank forward markets are not required to continue to make markets in the currencies or commodities they trade, and these markets can experience periods of illiquidity, sometimes of significant duration. There have been periods during which certain participants in these markets have refused to quote prices for certain currencies or commodities or have quoted prices with an unusually wide spread between the price at which they were prepared to buy and that at which they were prepared to sell. Disruptions can occur in forward markets, particularly the currency markets, due to unusually high trading volume, political intervention, market dislocations, unanticipated third country events affecting the underlying asset, unscheduled holidays and market closures or other factors. The imposition of controls by governmental authorities might also limit such forward trading to less than that which the investment manager would otherwise recommend, to the possible detriment of an Investee Fund. Market illiquidity or disruption could result in major losses to an Investee Fund.

4.3.8 ***Derivative Instruments Generally***

An Investee Fund may enter into derivative instruments, such as credit derivatives. It may take advantage of opportunities with respect to certain derivative instruments that are not presently contemplated for use or that are currently not available, but that may be developed, to the extent such opportunities are both consistent with the investment objective of an Investee Fund and legally permissible. Special risks may apply to instruments that are invested in by an Investee Fund in the future that cannot be determined at this time or until such instruments are developed or invested in by an Investee Fund. For example, risks with respect to credit derivatives may include determining whether an event will trigger payment under the contract and whether such payment will offset the loss or payment due under another instrument. In the past, buyers and sellers of credit derivatives have found that a trigger event in one contract may not match the trigger event in another contract, exposing the buyer or the seller to further risk. Other swaps, options, and other derivative instruments may be subject to various types of risks, including market risk, regulatory risk, tax risk, liquidity risk, the risk of non-performance by the counterparty, including risks relating to the financial soundness and creditworthiness of the counterparty, legal risk, and operations risk. Where an Investee Fund invests

in derivatives such as futures or forwards that are linked to commodities, there is a risk that, were there to be an error in closing out the relevant position in time, an Investee Fund might be required to take physical delivery of such commodities, or arrange for another party to take delivery on short notice, with resulting additional costs. In addition, as new derivative instruments are developed, documentation may not be standardised, leading to potential disputes or misunderstanding with counterparties. The regulatory and tax environment for derivative instruments in which an Investee Fund may participate is evolving, and changes in the regulation or taxation of such financial instruments may have a material adverse effect on an Investee Fund.

4.3.9 **Options**

An Investee Fund may incur risks associated with the sale and purchase of call options and/or put options.

The seller (writer) of a call option, which is covered (i.e., the writer holds the underlying security), assumes the risk of a decline in the market price of the underlying security below the purchase price of the underlying security less the premium received, and gives up the opportunity for gain on the underlying security above the exercise price of the option. The seller of an uncovered call option assumes the risk of a theoretically unlimited increase in the market price of the underlying security above the exercise price of the option. The securities necessary to satisfy the exercise of an uncovered call option may be unavailable for purchase, except at much higher prices, thereby reducing or eliminating the value of the premium. Purchasing securities to cover the exercise of an uncovered call option can cause the price of the securities to increase, thereby exacerbating the loss. The buyer of a call option assumes the risk of losing its entire premium investment in the call option.

The seller (writer) of a put option which is covered (i.e., the writer has a short position in the underlying security) assumes the risk of an increase in the market price of the underlying security above the sales price (in establishing the short position) of the underlying security plus the premium received, and gives up the opportunity for gain on the underlying security if the market price falls below the exercise price of the option. The seller of an uncovered put option assumes the risk of a decline in the market price of the underlying security below the exercise price of the option. The buyer of a put option assumes the risk of losing its entire investment in the put option.

4.3.10 **Exchange Traded Funds**

An Investee Fund may invest in exchange traded funds (“ETFs”), which are shares of publicly-traded unit investment trusts, open-end funds, or depository receipts that seek to track the performance and dividend yield of specific indexes or companies in related industries. These indexes may be either broad-based, sector, or international. However, ETF trades like common stock and represents a fixed portfolio of securities designed to track a particular market index. The risks of

owning an ETF shareholders are generally reflect subject to the same risk as holders of owning the underlying securities they are designed to track, although lack of liquidity in an ETF could result in it being more volatile. . ETFs are also subject to other certain additional risks, including, without limitation: (a), the risk that their prices may not correlate perfectly with changes in the prices of the underlying securities they are designed to track;; and (b) the risk of possible trading in an ETF halting in an ETF due to market conditions or other reasons that, in, based on the view policies of the exchange upon which an ETF trades, would make trading in the ETF inadvisable. An exchange-traded sector fund may also be adversely affected by the performance of that specific sector or group of industries on which it is based. trades. In addition, an Investee Fund may bear, along with other shareholders of an ETF, its pro rata portion of the ETF's expenses, including management fees. Accordingly, in addition to bearing their proportionate share of the Investee Fund 's expenses (e.g., the management fee and operating expenses), shareholders may also indirectly bear similar expenses of an ETF, which can have a material adverse effect on the return on capital of the Investee Fund.

4.4 Risks Relating to the Fund Manager

Due to the insolvency, negligence or fraudulent actions of the Fund Manager, its officers or employees or third parties used for the custody of Fund Assets, the value of Participations may decline.

4.5 Risks Relating to the Legal Owner and the Depositary

Due to the insolvency, negligence or fraudulent actions of the Legal Owner and/or the Depositary, their officers or employees or third parties used for the custody of Fund Assets, the value of Participations may decline and the Fund Assets may be lost.

4.6 Risks Relating to Conflicts of Interests

4.6.1 *Other Clients*

The Fund Manager and/or Affiliates of the Fund Manager may or will manage or advise clients other than the Fund. The Legal Owner may or will hold the legal ownership of assets other than the Fund Assets. There can be no assurance that such services do not conflict with the interests of the Fund. Although the Fund Manager and the Legal Owner intend to manage potential and actual conflicts of interest issues in good faith in compliance with the Fund Manager's conflicts of interests policy, there can be no assurance that such conflicts of interest may be resolved in the best interests of the Fund should they arise.

4.6.2 *Transactions with the Fund Manager and its Affiliates*

The Fund Manager and its Affiliates may engage in certain related party transactions with the Fund. The Fund Manager and/or the Affiliates of the Fund Manager concerned will in such cases expect to receive a certain transaction consideration. Although the Fund Manager intends to manage potential and actual conflicts of interest issues in good faith in compliance with the Fund Manager's conflicts of

interests policy, such arrangements could present incentives for the Fund Manager and its Affiliates adverse to the interests of the Fund.

4.6.3 ***Diverse Participants***

Participants may have conflicting investment, tax and other interests with respect to their investments in the Fund. The conflicting interests may relate to, among other things, the nature of Fund Assets, the structuring of Fund Assets and the timing of disposition of Fund Assets. As a consequence, conflicts of interest may arise in connection with decisions made by the Fund Manager that may be more beneficial for one Participant than for another Participant, especially with respect to Participant's individual tax situations. The Fund Manager will consider the investment, tax and other interests of the Fund and its Participants as a whole, not the investment, tax or other interests of any Participant individually.

The foregoing factors are not exhaustive and do not purport to be a complete explanation of all the risks and considerations involved in investing in the Fund. In particular, the Fund's performance may be affected by changes in market conditions, and legal, regulatory and tax requirements. The Fund will be responsible for paying the fees, charges and expenses referred to in this document regardless of the level of profitability.

Potential Participants who are in any doubt as to the risks involved in investing in the Fund are recommended to obtain independent financial advice before making an investment.

5 LEGAL AND REGULATORY STRUCTURE OF THE FUND AND THE AHL FUND STRUCTURE

5.1 Legal Structure of the Fund

5.1.1 *Legal Form*

The Fund is an open end investment fund (*beleggingsfonds*) as referred to in article 1:1 FSA and a fund for joint account (*fonds voor gemene rekening*) organised and established under the laws of the Netherlands.

Under Dutch law, the Fund is neither a legal entity (*rechtspersoon*) nor a partnership, commercial partnership or limited partnership (*maatschap, vennootschap onder firma or commanditaire vennootschap*), but a contractual arrangement *sui generis* between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Legal Owner for the account and risk of the Participants. In view of its legal form of fund for joint account the Fund is not eligible for registration in the Trade Register.

The Fund's office address is that of the Fund Manager, being Gustav Mahlerplein 3, 26th floor, Financial Offices, 1082 MS Amsterdam, the Netherlands.

The Fund is managed by the Fund Manager. The Participants have no proprietary rights with respect to the Fund Assets. The Legal Owner is the legal owner of all Fund Assets. The Legal Owner will acquire and hold the assets for the purpose of management and custody (*ten titel van beheer en bewaring*) on behalf of and for the account of the Participants. Such interest of the Participants is represented by the Participations held by each of them.

The Legal Owner granted a power of attorney to the Fund Manager under the Terms and Conditions to manage (*beheren*) the Fund Assets in accordance with the Terms and Conditions.

5.1.2 *Establishment, Term and Termination of the Fund*

The Fund is established as of the first (1st) issue of a Participation and shall continue to exist for an indeterminate period of time. The Fund shall terminate upon the occurrence of any of the events set forth in Article 24.1 of the Terms and Conditions.

5.1.3 *Classes of Participations*

The Fund shall have two (2) classes of Participations, Class A Participations and Class B Participations. All Classes provide exposure to the same Investment Objective and Investment Strategy. The sole difference between the different Classes is the currency of the Participations the Participants can subscribe for. Prospective Participants can subscribe for Class A Participations in EUR and for Class B Participations in USD. Because the base currency of the Fund is the Euro, this entails a foreign exchange risk for the holders of the Class B Participations. The Fund Manager intends to hedge foreign exchange risks. Any profits or losses of currency hedges shall be allocated to the holders of the Class B Participations.

There are no specific legal or economic links between the Fund or the Fund Manager on the one hand, and Participants subscribing for any particular Class on the other hand.

Each Participation belonging to a specific Class, with respect to the other Participations of such Class, represents an equal interest in the Net Asset Value without priority or preference of one over the other.

5.1.4 **Liquidation**

Upon termination of the Fund, no further business shall be conducted except for such action necessary for the winding up of the affairs of the Fund. The balance left after the liquidation shall be paid in cash to the Participants (pro rata to the numbers of Participations held by them, against cancellation of these Participations).

5.1.5 **Key Fund Documents, Governing Law and Jurisdiction**

The key documents governing the Fund (the “**Fund Documents**”) are:

- a) the Terms and Conditions;
- b) this Prospectus; and
- c) the Subscription Form.

The Fund Documents will be governed by Dutch law. The competent court in Amsterdam, the Netherlands will have exclusive jurisdiction to settle any claims, actions or disputes arising out or in connection with the Fund Documents (subject to appeal as provided by law).

A final judgment obtained in a court of any Member State of the European Union and which is enforceable in such Member State will be recognized and enforced by the courts of the Netherlands without re-trial or re-examination of the merits:

- a) on the basis of and subject to the limitations imposed by Regulation (EU) No 1215/2012 on Jurisdiction and the Recognition and Enforcement of Judgments in Civil and Commercial Matters of 12 December 2012 (as amended); and
- b) subject to the limitations imposed by Regulation (EC) No 805/2004 creating a European Enforcement Order for Uncontested Claims of 21 April 2004 (as amended),

and the rules and regulations promulgated pursuant thereto.

5.1.6 **Amendment of the Prospectus and the Terms and Conditions**

The Terms and Conditions and this Prospectus may be amended pursuant to a joint resolution of the Legal Owner and the Fund Manager.

A proposed amendment to the Terms and Conditions or this Prospectus shall be published on the Website. In addition, an explanation to the proposed amendments will be published on the Website.

Notice of amendments made will also be made on the website of the Fund Manager. In addition, an explanation to the amendments will be published on the website of the Fund Manager.

An amendment of the Prospectus or the Terms and Conditions causing a reduction in Participants' rights or security, imposing costs on the Participants or causing a change to the Investment Strategy does not become effective in relation to the Participants until one (1) month following the date on which such notification has been published on the Website. Participants have the right to redeem their Participations within this period following the date on which such notification has been disclosed.

5.1.7 ***Amendment of the Prospectuses of Investee Funds***

The Fund Manager shall notify the Participants of any material amendment to the prospectus of any Investee Fund to which fifty per cent. (50%) or more of the Fund Assets are allocated. Notice of amendments made will be made on the website of the Fund Manager. If an amendment to the prospectus of such Investee Fund (indirectly) causes a reduction in Participants' rights or security or (indirectly) imposes costs on the Participants, Participants have the right to redeem their Participations within one (1) month following the notification.

5.2 **Regulatory Position of the Fund and Supervision**

5.2.1 ***Existing position***

The Fund Manager is in possession of an AFM license as referred to in article 2:65(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.

The AFM license of the Fund Manager has been issued prior to the implementation of the AIFMD in the Netherlands, and was automatically converted into an AIFMD license by the AFM on 22 July 2014, in accordance with the Netherlands AIFMD implementation schedule. This Prospectus is prepared in conformity with the FSA as in force on the date of this Prospectus.

5.2.2 ***Regulatory changes***

The regulatory environment for investment funds continues to evolve. In the light hereof, during the existence of the Fund, additional and/or amended legislation and regulations affecting the Fund, the Fund Manager, the Legal Owner, the Depositary and the Administrator may come into force.

The Legal Owner and the Fund Manager may amend the Fund Documents if the Legal Owner and the Fund Manager reasonably determine that a regulatory change has a material adverse effect on the Fund and/or the Legal Owner and/or the Fund Manager, such that (i) the material adverse effect of the applicable change is removed or mitigated, and (ii) the Fund shall bear its reasonable allocable portion of

the costs in relation to the implementation of and compliance with the change (it being understood such allocation is in principle determined on the basis of the number of funds managed by the Fund Manager that fall within the scope of such change).

5.2.3 **Professional liability risks**

To cover potential professional liability risks resulting from activities the Fund Manager carries out with respect to the Fund, the Fund Manager holds a professional indemnity insurance against liability arising from professional negligence which is appropriate to the risks covered.

5.3 **AHL Fund Structure**

The Authority may take certain actions if it is satisfied that a regulated mutual fund is or is likely to become unable to meet its obligations as they fall due or is carrying on or is attempting to carry on business or is winding up its business voluntarily in a manner that is prejudicial to its investors or creditors. The powers of the Authority include the power to require the substitution of directors, to appoint a person to advise AHL (Cayman) SPC on the proper conduct of its affairs or to appoint a person to assume control of the affairs of AHL (Cayman) SPC. The Subscription Price of a Participation is equal to the Net Asset Value per Participation as at the Valuation Date immediately preceding the applicable Subscription Date. The Total Subscription Price is the applicable Subscription Price multiplied by the number of issued Participations. The minimum Total Subscription Price is ten thousand Euros (EUR 10,000) per Participant for Class A Participations and one hundred thousand U.S. Dollars (USD 100,000) per Participant for Class B Participations. This minimum subscription amount may be waived by the Fund Manager in its sole discretion.

The Fund's closing took place on 1 April 2014, which is the date on which the Fund Manager accepted the first (1st) subscriptions (the "**Closing Date**"). Up to and including the Closing Date, Participations are offered at a price of one hundred Euros (EUR 100) per Participation. After the Closing Date, the Participations are offered at a price based on Net Asset Value per Participation as at the Valuation Date immediately preceding the applicable Subscription Date.

In order to determine the Total Subscription Amount, the Total Subscription Price might be increased by a surcharge equal to the amount of the surcharge levied at the level of the relevant Investee Fund (the "**Investee Fund Surcharge**"), in the event a surcharged is levied at the level of the relevant Investee Fund.

In case a Participant has paid an amount exceeding the Total Subscription Amount, this amount will be repaid to the Participant to the same account from which such proceeds were originally debited.

The Investee Fund Surcharge serves to compensate the Fund for the surcharge levied at the level of the relevant Investee Fund and shall be for the benefit of the Fund.

7.1.4 **Procedure**

Applications for Participations must be made by submitting a duly signed and completed Subscription Form to the Administrator at least ten (10) Business Days before the relevant Subscription Date as per which the applicant wishes to receive Participations.

Payment of the Total Subscription Amount must be received in USD or EUR, as applicable, in the bank account of the Legal Owner as specified in the Subscription Form at least ten (10) Business Days before the relevant Subscription Date as per which the applicant wishes to receive Participations (please refer to the Subscription Form for further payment details and instructions).

If either (i) the signed and completed Subscription Form, or (ii) the Total Subscription Amount has not been received timely, no Participations will be issued and the application shall be retained until the next Subscription Date (for the avoidance of doubt, no interest shall be due). In that case, the Net Asset Value per Participation on that Subscription Date shall be the basis for the determination of the Subscription Price for any Participations issued as per that Subscription Date, subject to receipt of (i) and (ii) above.

The Fund Manager may decide, at its sole discretion, to (i) accept Subscription Forms which are not received timely (but not later than on the Valuation Date immediately preceding the relevant Subscription Date) and (ii) accept an application for Participations in case of overdue payment, provided that the Total Subscription Amount has been received on the Business Day prior to the relevant Subscription Date.

The Fund Manager reserves the right to accept or reject any application in whole or in part at its absolute discretion. When an application is rejected, the amount paid on application or the balance thereof (as the case may be) will be returned (without interest) as soon as practicable, to the same account from which such proceeds were originally debited.

Completed applications are irrevocable once the relevant Subscription Form has been received by the Administrator and the Total Subscription Amount has been received in the bank account of the Legal Owner. Upon issuance of the Participations in satisfaction of an application, the Administrator will confirm the number and value of the Participations so issued. The Participations subscribed to prior to the Closing Date, were issued on the Closing Date.

The AHL Fund has a minimum initial subscription requirement in the EUR equivalent amount of one million U.S. Dollars (USD 1,000,000) and a minimum additional subscription requirement in the amount of at least the EUR equivalent amount of

one hundred thousand U.S. Dollars (USD 100,000). Other Investee Funds might also have such minimum subscription requirements. Therefore, the Fund Manager may in its sole discretion warehouse and hold in cash the relevant Total Subscription Amounts for a period of time during which a minimum subscription requirement at the level of an Investee Fund has not yet been met by the Fund. For the avoidance of doubt, during such period all fees described in Section 9 (*Costs and Expenses*) of this Prospectus (including the Management Fee) shall continue to be payable out of the Fund Assets.

7.2 **Participant Representations and Warranties and Prevention of Money Laundering**

7.2.1 ***Representations and Warranties***

The Subscription Form requires each applicant for Participations to make certain representations and warranties to the Legal Owner and the Fund Manager.

Persons subscribing on behalf of others, such as nominees, securities giro's and feeder and custody entities, will need to represent to the Fund Manager and the Legal Owner in an addendum to the Subscription Form certain additional representations, including but not limited to compliance with know your customer (KYC) and anti-money laundering (AML) rules.

7.2.2 ***Prevention of Money Laundering and Financing of Terrorism***

Measures aimed at the prevention of money laundering and financing of terrorism will require each applicant for Participations to evidence its identity to the Administrator ("**KYC requirements**"). The procedure used by the Administrator is stated in the Subscription Form and is compliant with the Wwft.

The Administrator reserves the right to request such other information as is necessary to verify the identity of an applicant. Pending the provision of evidence satisfactory to the Administrator as to the identity, the evidence of title in respect of interests may be retained at the absolute discretion of the Administrator. If, within a reasonable period of time following a request for verification of identity, the Administrator has not received evidence satisfactory to it as mentioned above, the Fund Manager may, in its absolute discretion, refuse to allot the Participations applied for in which event the subscription proceeds will be returned without interest and/or less any other costs incurred by the Fund relating to the transaction of the applicant to the account from which such proceeds were originally debited.

In the event that changes in KYC Requirements occur either in policy or in legislation after an investor's have been allotted, investors will be obliged to provide additional KYC documentation to satisfy such changed requirements within a reasonable period of time following a request for such additional documentation. Any investor who does not or cannot provide the additional KYC documentation may be forcibly redeemed from the Fund in accordance with the mandatory redemption provisions as set forth in the Terms and Conditions.

Investors should be aware that the Total Subscription Amount (minus the surcharges) will be at risk once it has been invested in the Fund. An investor's failure to comply with applicable KYC Requirements may result in the return of an amount lower than the Total Subscription Amount.

8 TRANSFER AND REDEMPTION OF PARTICIPATIONS

8.1 Introduction

Participations are not listed on a regulated stock exchange nor does the intention exist to apply for such listing in the foreseeable future. No developed unregulated market for Participations exists and no party has been instructed by the Fund or the Fund Manager to maintain a market for Participations. A transfer of Participations is not possible (other than as described in Section 8.2 of this Prospectus). Though the Fund is in principle obliged to redeem Participations at the request of a Participant, the Fund will under circumstances not be able and/or not obliged to do so.

Participations therefore might be a less liquid investment as expected by a Participant and (prospective) Participants should take into account that under circumstances they cannot liquidate such numbers of their Participations at such moments as they intend to.

8.2 Transfer of Participations

A Participant cannot transfer its Participations, except if such Participations are transferred to relatives in the straight line (a “**Permitted Transfer**”). Any such Permitted Transfer requires the prior written approval of the Fund Manager. For the avoidance of doubt, in case a Participant holds Participations for a beneficial owner pursuant to a custody relationship between such Participant and the beneficial owner, a change of custodian by such beneficial owner shall be subject to a prior approval of the Fund Manager, but shall not be deemed a transfer for the purpose of the transfer restrictions under this Prospectus and the Terms and Conditions.

8.3 Redemption of Participations at the Request of a Participant

On any Redemption Date, provided the requirements of the Terms and Conditions have been met and redemption of Participations is not suspended in accordance with Section 8.3.4 of this Prospectus, the Fund Manager will redeem Participations at the request of a Participant sent in writing to the Administrator.

The Fund Assets, including, for the avoidance of doubt, any bridge financing, will be sufficiently liquid to, under normal circumstances, allow the Fund to redeem Participations as requested by its Participants for a maximum of twenty five per cent. (25%) of the assets managed.

8.3.1 *Redemption Price and Costs of Redemption*

The Redemption Price is equal to the Net Asset Value per Participation as at the Valuation Date immediately preceding the Redemption Date on which the relevant Participant is redeemed. The Total Redemption Price is the applicable redemption price multiplied by the number of redeemed Participations.

In order to determine the Total Redemption Amount, the Total Redemption Price might be reduced by a discount equal to the amount of the charge levied at the level of the relevant Investee Fund (the “**Investee Fund Discount**”), in the event a charge is levied at the level of the relevant Investee Fund.

The Investee Fund Discount serves to compensate the Fund for the charge levied at the level of the relevant Investee Fund and shall be for the benefit of the Fund.

8.3.2 ***Procedure***

Applications for the redemption of Participations should be submitted to the Administrator by means of a duly signed Redemption Notice specifying the details of the redemption at least ten (10) Business Days before the relevant Redemption Date. Redemption Notices are irrevocable once received by the Administrator.

If the Redemption Notice has not been received timely, the application shall be retained until the next Redemption Date. In that case, the Net Asset Value per Participation as at the Valuation Date immediately preceding that next Redemption Date shall be the basis for the determination of the Redemption Price for any Participations redeemed as per that Redemption Date.

The Fund Manager may decide, at its sole discretion, to accept Redemption Notices which are not received timely (but not later than on the relevant Redemption Date).

The Total Redemption Amount will normally be paid to the redeeming Participant within eleven (11) Business Days after the release of the Net Asset Value of the applicable Redemption Date, provided that: (i) the Administrator has received the KYC Requirements; and (ii) the Fund has received the redemption proceeds from the relevant Investee Fund, unless exceptional circumstances occur, in which case the consideration will be paid at the earliest possible Business Day thereafter.

In the case the Administrator has not received all the requested KYC Requirements, even though the redemption request will be processed, redemption proceeds will be held in the name of the redeeming Participant at the Fund's bank account without any interest accruing in favour of the Participant and the Participant will bear all associated risks until such time as the Administrator receives the outstanding KYC Requirements.

8.3.3 ***Limitation on redemptions***

The Legal Owner and the Fund Manager may limit the redemption of Participations on a Redemption Date to an aggregate Total Redemption Price of twenty-five per cent (25%) (or more, as long as such higher gate is not to the detriment of the remaining Participants) of the Net Asset Value on the Valuation Date prior to the Redemption Date. In this case, the number of Participations to be redeemed per Participant will be pro rata the total number of Participations offered for redemption. Any Participations included in a redemption request that have not been redeemed as a result of such scale down of a redemption request are deemed to be offered for redemption on the following Redemption Date on a pro rata basis alongside subsequent redemption requests (but not compulsory redemptions) and shall be subject to the same limitations.

8.3.4 ***Suspension of Redemption***

The Fund Manager may suspend the redemption of Participations if:

- a) the determination of the Net Asset Value has been suspended (see Section 10.2.2 of this Prospectus); or
- b) a state of affairs exists which constitutes a state of emergency as a result of which the sale of Fund Assets would, in the sole opinion of the Fund Manager, not be practical or would negatively affect the rights of other Participants;
- c) the Participant did not act in compliance with applicable legislation or these Terms and Conditions;
- d) for whatever reason, the valuation of Fund Assets or Fund Obligations to be sold cannot be promptly or accurately ascertained; or
- e) for whatever reason, the redemption of the Investee Funds Interests is suspended at the level of the relevant Investee Fund, as applicable.

8.4 **Mandatory Redemption of Participations**

The Fund Manager and the Legal Owner shall under certain extraordinary circumstances as set forth in the Terms and Conditions and with due regard to the general provisions and conditions relating to redemption of Participations be entitled to redeem all (but not part of) the Participations of any Participant.

In the case the Administrator has not received all the requested KYC Requirements, even though the redemption request will be processed, redemption proceeds will be held in the name of the redeeming Participant at the Fund's bank account without any interest accruing in favour of the Participant and the Participant will bear all associated risks until such time as the Administrator receives the outstanding KYC Requirements.

9 COSTS AND EXPENSES

9.1 Introduction

In this Section 9 all costs and expenses related to the organisation, management and transactions of the Fund which will be paid by or charged to the Fund and accordingly result in a reduction of the Fund's Net Asset Value are described.

This Section 9 does not refer to costs and fees charged to the Participants by the Fund upon a subscription for or redemption of Participations (for these costs and fees see Section 7 (*Admission to the Fund and Subscriptions*) and Section 8 (*Transfer and Redemption of Participations*) of this Prospectus) or by their own service providers in connection with an envisaged investment in or divestment from the Fund (like fees and costs charged to a Participant by its advisors, banks or brokers).

All costs referred to in this Section 9 will be allocated to the period to which they relate. Unless indicated otherwise, all costs will be brought at the charge of the Fund's profit and loss account.

All amounts and percentages mentioned in this Section 9 are exclusive of VAT, if due. Under present legislation, the Fund cannot deduct VAT charged to the Fund.

9.2 Cost Categories

9.2.1 *Transaction costs*

Transaction costs inter alia include all costs of sourcing, evaluating, making, holding or disposing of Fund Assets, including, but not limited to, finders' fees, brokerage fees, (other) transaction costs and expenses and interest on investment-related borrowings. All transaction costs shall be borne by the Fund and be brought at the charge of the Fund's profit and loss account.

The Fund Manager will select transactional service providers on the basis of various considerations, like quality, promptness of performance of services and fee rates. Fee rates may not exceed market standard rates. The total amount of transaction costs from time to time is variable and depends on the number and size of transactions and applicable rates.

9.2.2 *Fund Operational Costs*

Fund operational costs inter alia include, but are not limited to all costs of legal, tax, administrative, accounting, audit, reporting, legal ownership and similar services and advices provided to the Fund and all costs of communications with and meetings of the Participants and the regulatory costs related to the supervision by the AFM and DNB. All operational costs shall be borne by the Fund and be brought at the charge of the Fund's profit and loss account.

The Fund will pay to the Legal Owner in remuneration of its service to the Fund, limited to the holding of the legal ownership of Fund Assets, an annual fee equal to twelve thousand five hundred Euros (EUR 12,500) (excluding VAT). Any additional

services, related to the holding of legal ownership of Fund Assets or otherwise, will be rendered on a time spent basis and charged to the Fund in accordance with the legal ownership agreement.

The Fund will pay to the Depositary in remuneration of its service to the Fund, limited to AIFMD depositary duties, an annual fee of 1.4 basis points of the assets under management. This fee is subject to a minimum of sixteen thousand five hundred Euros (EUR 16,500).

The Fund will pay the Administrator in remuneration for its services to the Fund, an annual fee based on the month-end Net Asset Value, as set forth in the following sliding scale, subject to a minimum annual fee of fifteen thousand Euros (EUR 15,000) (excluding VAT, if applicable) for monthly Net Asset Value production:

AUM (in EUR million)	bps
0-30	8
30-50	6
50-100	4
>100	2

Additionally, the Fund will pay the Administrator five thousand Euros (EUR 5,000) for preparing (semi-) annual statements. For FATCA-related services the Administrator will charge the Fund an annual fixed fee of four thousand Euros (EUR 4,000).

The Administrator also provides certain trading duties for the Fund and charges a fee of two hundred and fifty Euros (EUR 250) per initial trade, one hundred and seventy five Euros (EUR 175) per subsequent trade and seventy five Euros (EUR 75) per tax document required for an underlying investment.

The Fund will pay to the Auditor in remuneration of its service to the Fund, an estimated fee equal to fifteen thousand six hundred forty eight Euros (EUR 15,648) (excluding VAT) and a fee estimated at two thousand five hundred Euros (EUR 2,500) (excluding VAT) for the auditor's assurance report included in Section 14 of this Prospectus.

9.2.3 **Management Fee**

The Fund Manager is entitled to an annual Management Fee equal to zero point fifty five per cent. (0.55%) of the Net Asset Value excluding (i.e. before deduction of) the Management Fee, as at the last calendar day of each month, with a minimum of fifty thousand Euros (EUR 50,000) per annum, payable monthly in arrears out of the Fund Assets. Any changes to the Management Fee are subject to the prior approval of the Fund Manager and the Legal Owner.

For the avoidance of doubt the Fund shall not bear the cost of remunerating any employee of the Fund Manager or any of its Affiliates or any office rental, utilities or office equipment or other overhead or travel costs of any of their respective

personnel, it being acknowledged that the Management Fee is intended to compensate the Fund Manager for such costs.

9.2.4 **Delegation Fee**

The Delegate is entitled to an annual advisory fee payable by the Fund Manager out of the Management Fee. No delegation fees are directly borne by the Fund.

9.2.5 **Regulatory Costs**

The regulatory costs related to the supervision by the AFM and DNB are estimated at ten thousand Euros (EUR 10,000) per annum.

9.2.6 **Organisational Expenses**

The Fund will bear its own organisational and establishment costs. Expenses in connection with the establishment of the Fund and organisational costs of the Fund, will be paid out of the Fund Assets, including (but not limited to) legal, accounting and tax advisory fees, research costs, incorporation expenses and travel costs.

Establishment costs (set-up costs) amounted to twenty thousand Euros (EUR 20,000) as reimbursement for the costs incurred by the Fund Manager and effort of the Fund Manager in connection with the formation of the Fund and twenty five thousand Euros (EUR 25,000) for legal and tax advisory fees. On the date of this Prospectus, all such establishment costs (set-up costs) were fully written off.

9.2.7 **Expenses attributable to the Class B Participations**

Because the base currency of the Fund is the Euro, this entails a foreign exchange risk for the holders of the Class B Participations. The Fund Manager intends to hedge foreign exchange risks. Any profits or losses of currency hedges shall be allocated to the holders of the Class B Participations. The main costs of currency hedging depend on the spreads between USD and EUR interest rates, it is possible that the costs of currency hedging are negative (i.e. lead to a better performance for the Class B Participations).

9.2.8 **Ongoing Charges Figure**

The OCF will be calculated at the end of each financial year and published annually in the Fund's annual reports.

The below table illustrates the expected OCF of the Fund:

Ongoing Charges Figure estimation (based on EUR 30 million AUM)	
<i>Investment Management</i>	<i>0.55%</i>
<i>Administrator</i>	<i>0.09%</i>
<i>Depositary and Legal Owner</i>	<i>0.09%</i>

<i>Audit</i>	<i>0.05%</i>
<i>Other expenses</i>	<i>0.04%</i>
<i>Windmill Trend Evolution Fund Level</i>	<i>0.82%</i>
<i>Investee fund level (incl. performance fee)</i>	<i>2.26%</i>
<i>Total (incl. performance fee)</i>	<i>3.08%</i>

As at June 30 2020, the OCF was zero point eighty two per cent. (0.82%). This only includes the OCF of the Windmill Trend Evolution Fund. As at June 30, 2020, the OCF at the Investee fund level was three point zero eight per cent. (3.08%).

9.2.9 ***Costs Related to Investments in the AHL Fund***

Costs related to investments in the AHL Fund include the subscription price for AHL Shares.

In respect of the AHL Shares, a management fee will be calculated and charged as at each valuation day and paid monthly at a rate of up to two per cent. (2%) per annum of the net asset value of the AHL Shares calculated for the relevant period (prior to the deduction of the management and performance fee (if any)).

In respect of each performance period a performance fee will be calculated on a share by share basis at a rate of twenty per cent. (20%) of any net new appreciation in the net asset value per AHL Share (before accrual of the performance fee). Performance fees in respect of the AHL Shares will normally be payable annually in arrears at the end of each performance period. However, in the case of shares redeemed during a performance period, any accrued performance fee in respect of those shares is payable upon the availability of the final calculation of the net asset value per share in respect of the relevant dealing day on which such AHL Shares are redeemed.

In respect of the AHL Shares, the following fees, other than the management fee and the performance fee, might be charged: a company secretarial services fee, the Cayman Islands annual company registration government fees and CIMA annual registration fees, custody fees, listing, auditing and legal costs, directors fees and expenses and expenses associated with the preparation, printing and distribution costs of the periodic and annual reports and statements, a services management fee payable to the services manager, costs and brokerage commissions associated with trading transactions. In implementing the investment strategies, allocations may be made by a number of methods, including investment funds, managed accounts and other investment vehicles. Accordingly, further fees and expenses are likely to be incurred at the level of such investment funds, managed accounts and other investment vehicles.

Subscription price for AHL Shares shall be borne by the Fund and be brought at the charge of the Fund's profit and loss account. Other costs related to investments in the AHL Fund shall be paid out of the AHL Fund's assets.

9.2.10 ***Costs Related to Investments in Other Investee Funds***

Costs related to investments in other Investee Funds include the subscription price for Investee Funds Interests. In addition, the following fixed and variable fees and costs may be charged at the level of the Investee Funds: management fee, performance fee, custodian and administrative fees, advisory fees, organizational expenses, agency fees, transaction costs, operational costs, etc.

Subscription price for Investee Funds Interests shall be borne by the Fund and be brought at the charge of the Fund's profit and loss account. Other costs related to investments in Investee Funds shall be paid out of such relevant Investee Fund's assets.

10 VALUATION, REPORTING AND INFORMATION DISCLOSURE

10.1 Valuation Principles

The Fund Manager shall value the Fund Assets and Fund Obligations in accordance with Dutch GAAP and, where more specific, certain valuation methods set forth in the Terms and Conditions, whilst Dutch GAAP will prevail for financial reporting purposes should there be a conflict between the two.

The Investee Funds Interests shall be valued on the basis of the latest available valuation of Investee Funds Interests provided by the administrators of the relevant Investee Funds, as further set forth in the Terms and Conditions. The Fund Manager has delegated the calculation of the Net Asset Value to the Administrator. To ensure valuations received from administrators of the Investee Funds are appropriate, valuations are reviewed by the Fund Manager (or the Administrator), based on the previous valuation received and other relevant information. Valuations that deviate materially from the previous valuation are further analysed and if needed discussed with the manager or administrator of the relevant Investee Fund.

10.2 Reporting to Participants

10.2.1 *Financial year*

The financial year of the Fund shall begin on the first (1st) day of July and end on the thirtieth (13th) day of June of the next calendar year. The first (1st) financial year of the Fund began on the Closing Date and ended on the thirtieth day of June 2015.

10.2.2 *Reporting on Net Asset Value*

Subject to certain exception grounds set forth in the Terms and Conditions, the Fund Manager shall as per each Valuation Date determine the Net Asset Value, the Net Asset Value per Class and the Net Asset Value per Participation. The Net Asset Value of Class A Participations shall be expressed in Euro and the Net Asset Value of Class B Participations shall be expressed in USD and be determined in accordance with the Fund's valuation principles referred to above.

The Fund Manager has delegated the determination of the Net Asset Value and the Net Asset Value per Participation to the Administrator. In determining the Net Asset Value of the Fund and the Net Asset Value per Participation, the Administrator will follow the valuation policies and procedures adopted by the Fund as set out above. If and to the extent that the Fund Manager is responsible for or otherwise involved in the pricing of any of the Fund's portfolio securities or other assets, the Administrator may accept, use and rely on such prices in determining the Net Asset Value of the Fund and shall not be liable to the Fund, any Participant in the Fund, the Fund Manager or any other person in so doing.

The Fund Manager may declare a suspension of the determination of the Net Asset Value and the Net Asset Value per Participation:

- (a) if the price of securities in which the Fund is directly or indirectly invested is suspended (for instance because a stock exchange on which Fund Assets are listed, or on which securities which belong to the assets of a collective investment scheme in which the Fund is invested are listed directly or indirectly, are closed on other days than normal days of closure or if the transactions on these exchanges are suspended or subject to irregular restrictions);
- (b) if the communication means or calculation facilities normally used to determine the Net Asset Value no longer function or if, for any other reason, the value of a Fund Asset or Fund Obligation, cannot be determined with the speed or accuracy desired by the Fund Manager;
- (c) if there are factors relating to the political, economic, military or monetary situation that make it impossible for the Fund Manager to determine the Net Asset Value;
- (d) if a resolution to liquidate the Fund is passed or;
- (e) the management board of an Investee Fund suspends the determination of the net asset value of the relevant Investee Funds Interests, as applicable.

When the Fund Manager is unable to determine the Net Asset Value and the Net Asset Value per Participation, the Participants will be informed hereof.

In case of errors in the calculation of the Net Asset Value, the Fund Manager will as soon as possible prepare a report on the errors that were made and which correction will need to be made to the Net Asset Value. If a correction is required of more than two per cent. (2%) of the Net Asset Value, and a Participant incurred a loss by an allocation or redemption against the erroneously calculated Net Asset Value, the Fund will at the request of such Participant provide compensation (in cash or in Participations) for the relevant Participant for the actual loss incurred. The compensation will be paid out of the Fund Assets.

10.2.3 ***Monthly reporting***

Within fifteen (15) Business Days after the end of each calendar month, the Fund Manager shall prepare a monthly report stating the total value of the Fund Assets, the Fund's asset mix, the number of outstanding Participations per Class and the most recently calculated Net Asset Value per Participation and the date on which the calculation was made. The monthly report shall be published on the Website and is available for Participants free of charge at the offices of the Fund Manager.

10.2.4 ***Annual and Semi-annual Reporting***

Within six (6) months after the end of each financial year of the Fund, Fund Manager shall, in accordance with the applicable legal requirements, prepare and publish the Fund's annual accounts (consisting of at least a balance sheet, profit and loss account and explanatory notes), annual report and other information for such financial year.

Within nine (9) weeks after the end of the first (1st) half of the financial year, the Fund Manager shall draw up a semi-annual report and financial statements concerning this period.

The annual accounts and the semi-annual report shall be drawn up in accordance with the applicable provisions of Title 9 of Book 2 of the Civil Code and published on the Website.

The Fund Manager will provide the Participants upon request and free of charge with copies of the annual accounts, annual report and semi-annual report, notwithstanding their compliance with other publication requirements under applicable laws.

10.2.5 ***Other Information***

The license provided to the Fund Manager pursuant to article 2:65 FSA and the Terms and Conditions shall be available for inspection at the offices of the Fund Manager. A copy of the Terms and Conditions shall be provided by the Fund Manager upon request free of charge and shall be published on the Website. A copy of the Fund Manager's license and the Depositary Agreement shall be provided by the Fund Manager upon request at cost price.

Information regarding the Fund Manager, the Legal Owner and the Depositary from the Trade Register shall be provided by the Fund Manager upon request at cost price.

The sustainability risk integration disclosure of the Fund Manager and the principal adverse impacts disclosure of the Fund Manager is published on the Website.

10.2.6 ***Information Regarding Investee Funds***

An administrator of the AHL Fund shall monthly determine the net asset value of the AHL Fund and within six (6) months after the end of each financial year of the AHL Fund, in accordance with the applicable legal requirements, prepare the AHL Fund's annual accounts audited by a chartered accountant.

The Fund Manager shall on behalf of the Fund, in its capacity of the holder of Investee Funds Interests, be entitled to receive and/or inspect documents which Investee Funds shall make available for the holders of interests in such Investee Funds. The Fund Manager may upon request and with the prior consent of the investment manager of the relevant Investee Fund provide certain information related to the Investee Funds in units or shares of which twenty per cent. (20%) or more of the Fund Assets are invested to Participants at cost price.

10.2.7 ***Historical Performance, Latest Annual Report and Net Asset Value of the Fund***

The historical performance of the Fund as per the date of this Prospectus is set forth in **Schedule 3** hereto. An up to date overview of the historical performance of the

Fund after the date of this Prospectus shall be published on the Website. This information shall be updated on a monthly basis.

The latest annual report of the Fund is published on the Website. This information shall be updated on a yearly basis.

The latest Net Asset Value per Participation (as of 31 May 2021) is: thirty million six hundred thirty-four thousand five hundred and ninety-four Euros (EUR 30,634,594). An up to date overview of the Net Asset Value per Participation after such date shall be published on the Website. This information shall be updated on a monthly basis.

10.3 Liquidity Risk Reporting

As and when relevant, the Fund Manager shall periodically disclose to the Participants by e-mail: a) the percentage of the Fund Assets which are subject to special arrangements arising from their illiquid nature; b) any new arrangements for managing the liquidity of the Fund; and c) the risk profile of the Fund and the risk management systems employed by the Fund Manager to manage those risks.

10.4 Tax reporting

10.4.1 **FATCA**

Under FATCA, the United States will impose a withholding tax of 30 per cent. (30%) on certain United States sourced gross amounts not effectively connected with a United States trade or business paid to certain “Foreign Financial Institutions”, including the Fund, unless some information reporting requirements are complied with.

The Fund will use reasonable efforts to satisfy any obligations imposed on it in order to avoid the imposition of this withholding tax (except with respect to the interest of “recalcitrant account holders” as described in §1.1471-5(g)(2) of FATCA. A fund’s ability to satisfy its obligations under an agreement with the IRS will depend on each participant of such fund providing the fund with any information, including information concerning the direct or indirect owners of such participant, that the fund determines is necessary to satisfy such obligations. Any such information provided to a fund will be shared either with the local tax authority or the IRS, depending on the Model of the Intergovernmental Agreement. An investment fund that is classified as subject to FATCA requirements will be required to register with the IRS and obtain a Global Intermediary Identification Number (*GIIN*) and agree to have policies and procedures in place to identify certain direct and indirect U.S. account holders or equity holders. For these purposes the Fund would fall within the definition of a foreign financial institution (“**FFI**”) for the purpose of FATCA.

Each prospective Participant agrees by signing the Subscription Form to provide such information upon request from the Fund Manager or the Administrator. If a fund fails to satisfy such obligations or if a participant of a fund fails to provide the

necessary information to such fund, as applicable, payments of U.S. source income and payments of proceeds will generally be subject to a 30 per cent withholding tax.

The Fund may exercise its right to completely redeem a participant that fails to provide the Fund or the Administrator with the requested information in order for the Fund to satisfy its FATCA obligations, and the Fund may take any other action deemed necessary in relation to a participant's shares or redemption proceeds to ensure that such withholding is eventually borne by the relevant participant whose failure to provide the necessary information gave rise to the withholding tax. Each prospective Participant in the Fund should consult their own tax advisor regarding the requirements under FATCA with respect to their own situation.

The Fund will endeavour to satisfy the requirements imposed on the Fund by FATCA to avoid the imposition of FATCA withholding tax. However, there can be no guarantee or assurance that the Fund will comply with all the requirements imposed by FATCA. In the event that the Fund is not able to comply with the requirements imposed by FATCA and the Fund does suffer United States withholding tax on its investments as a result of non-compliance, the Net Asset Value may be affected and the Fund may suffer loss as a result.

10.4.2 ***The Common Reporting Standard***

The Netherlands is one of multiple jurisdictions which have agreed to the automatic exchange of financial account information on the basis of the standard published by the Organisation for Economic Co-operation and Development ("**CRS**"). Financial institutions resident in jurisdictions which have agreed to the CRS, should report certain account holder information to their local tax authorities who will then exchange such information with countries where account holders are tax residents. It can provide timely information on non-compliance where tax has been evaded, particularly where tax administrations have had no previous indications of non-compliance.

For the purposes of efficiency, the CRS was deliberately built on the framework of FATCA and replicates many of its principles, although there is no withholding tax regime or requirement for reporting financial institutions to register with Foreign Tax Authorities (as defined below). Furthermore, certain CRS client classification, due-diligence and reporting requirements differ from or are more expansive to those deriving from FATCA. Further inter-governmental agreements will therefore be entered into with other third countries by the Dutch government from time to time to enable reporting to such third countries' tax authorities ("**Foreign Tax Authorities**") as provided in the CRS.

By investing or continuing to invest in the Fund, Participants shall be deemed to acknowledge that:

- a) the Fund is considered to be a reporting financial institution under the CRS and the Fund (or its agent) will be required to disclose to the competent tax

authority of the Netherlands certain confidential information in relation to the Participant, including but not limited to the Participant's name, address, tax identification number (if any), social security number (if any) and certain information relating to the Participant's investment;

- b) the competent tax authority of the Netherlands will be required to automatically exchange information as outlined above with the Foreign Tax Authorities;
- c) the Fund (or its agent) will be required to disclose to the Foreign Tax Authorities certain confidential information when registering with such authorities and if such authorities contact the Fund (or its agent directly) with further enquiries;
- d) the Fund may require the Participant to provide additional information and/or documentation which the Fund will be required to disclose to the competent tax authority of the Netherlands;
- e) in the event a Participant does not provide the requested information and/or documentation, whether or not that actually leads to breach of the applicable laws and regulations by the Fund, a risk for the Fund or the Fund's Participants being subject to withholding tax or penalties under the relevant legislative or inter- governmental regimes, the Fund reserves the right to take any action and/or pursue all remedies at its disposal including, without limitation, compulsory redemption or withdrawal of the Participant concerned;
- f) no Participant affected by any such action or remedy shall have any claim against the Fund (or its agent, including the Administrator) for any form of damages or liability as a result of actions taken or remedies pursued by or on behalf of the Fund in order to comply with the CRS, any further inter- governmental agreements or any of the laws and regulations related to the CRS; and
- g) all information to be reported under CRS will be treated as confidential and such information shall not be disclosed to any persons other than the competent tax authority of the Netherlands and the Foreign Tax Authorities or as otherwise required by law.

Participants should ensure that their tax affairs are compliant with the laws and regulations applicable in their jurisdiction(s) of residence and/or citizenship (as applicable).

11 DISTRIBUTIONS

11.1 Distributions Policy

As primary Fund Objective of the Fund is to achieve capital growth. Frequent and regular distributions of Net Proceeds (including profit distributions) by the Fund are not intended nor anticipated. However, the Fund Manager may, at its sole discretion and at any time, decide to distribute any Net Proceeds. It is expected that the Fund Manager will especially do so if the Fund Manager is of the opinion that there are no sufficient suitable investment opportunities to achieve the Fund Objectives. All distributions (including profit distributions) to the Participants will be made pro rata to the number of Participations held by each Participant.

Any distribution (including profit distributions) to the Participants, including the amount, composition and manner of payment, shall be published on the Website.

11.2 Form of Distributions

Distributions of Net Proceeds (including profit distributions) will be made in cash, in Euro to the holders of Class A Participations and in USD to the holders of Class B Participations, provided that the Administrator has received all requested KYC Requirements.

12 DUTCH TAXATION ASPECTS

12.1 Introduction

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a Participant, and does not purport to deal with the tax consequences applicable to all categories of Participants. The tax and other matters described in this Prospectus do not constitute, and should not be considered as, legal or tax advice to prospective Participants. Participants should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of the Participations.

12.2 Taxation of the Fund

The Fund qualifies as a transparent or “closed” fund for joint account Dutch tax purposes, since Participations can only be transferred to the Fund itself since according to the Terms and Conditions, a transfer of Participations is not possible, except for Permitted Transfers, (reference is made to Article 17 of the Terms and Conditions) and Participations can only be redeemed by the Fund (i.e., on the basis of Article 15 of the Terms and Conditions).

Consequently, pursuant to article 2(2) CITA the Fund does not qualify as a taxable entity. Tax is therefore levied on the results and revenue of the investment at the level of the Participants and not at the level of the Fund itself. This implies that for Dutch tax purposes the Fund’s results are directly allocated to the individual Participants in accordance with the size (and, if applicable, the duration) of their pro rata investment.

12.3 Withholding Taxes

Distributions by the Fund are not subject to Dutch dividend withholding tax as a consequence of its transparency for tax purposes. Due to its transparency, the Fund itself is not entitled to any credit or refund of Dutch dividend withholding tax or (non-reclaimable) foreign withholding taxes withheld on dividends and interest received, nor can the Fund claim any benefits under a tax treaty concluded by the Netherlands with other states.

The tax transparency of the Fund also implies that any dividend withholding tax and foreign withholding taxes withheld on its investments are allocated to the Participants, *i.e.*, on a pro rata basis. In principle, such withholding taxes may be set off by the Participants, whereby the conditions that apply are the same as would be the case for a direct investment (pro rata) by the relevant Participant.

Several countries¹ have confirmed that they will disregard a Dutch tax transparent mutual fund for withholding tax purposes.

¹ Including Australia, Austria, Belgium, Denmark, Ethiopia, Germany, Norway, South Africa, Switzerland, Taiwan, the United Kingdom and the United States.

13 POLICY REGARDING VOTING RIGHTS AND VOTING CONDUCT INVESTEE FUNDS

The Fund Manager shall on behalf of the Fund, in its capacity of the holder of Investee Funds Interests, attend the general meetings of shareholders/limited partners/members of the Investee Funds and any relevant sole class or category meetings and shall exercise the voting rights attached to such Investee Funds Interests while taking into account the Fund Objective.

14 ASSURANCE REPORT

Assurance report pursuant to Section 115x, subsection 1, of the Dutch Decree on Conduct of Business Supervision of Financial Undertakings under the Financial Supervision Act

To: the fund manager of Windmill Trend Evolution Fund

Our opinion

In accordance with Section 115x, subsection 1, under e, of the Besluit Gedragstoezicht financiële ondernemingen Wft (BGfo Wft, Decree on the Supervision of the Conduct of Financial Undertakings pursuant to the Act on Financial Supervision), we have examined the prospectus of the fund manager of Windmill Trend Evolution Fund, Amsterdam.

In our opinion the prospectus dated June 25, 2021 of Windmill Trend Evolution Fund contains, in all material respects, at least the information required by or pursuant to the Wet op het financieel toezicht (Wft, Act on Financial Supervision) for a prospectus of an alternative investment fund.

Basis for our opinion

We performed our examination in accordance with Dutch law, including Dutch Standard 3000A, "Assurance-opdrachten anders dan opdrachten tot controle of beoordeling van historische financiële informatie (attest-opdrachten)" (Assurance engagements other than audits or reviews of historical financial information (attestation engagements)). This engagement is aimed to obtain reasonable assurance. Our responsibilities in this regard are further described in the Our responsibilities for the examination of the prospectus section of our report.

We are independent of Windmill Trend Evolution Fund and Privium Fund Management B.V. in accordance with the Verordening inzake de onafhankelijkheid van accountants bij assurance-opdrachten (ViO, Code of Ethics for Professional Accountants, a regulation with respect to independence) and other relevant independence requirements in The Netherlands. Furthermore we have complied with the Verordening gedrags- en beroepsregels accountants (VGBA, Dutch Code of Ethics).

We believe that the assurance evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Relevant matters relating to the scope of our examination

Our examination consists of verifying that the prospectus contains the required information, which means we did not examine the accuracy of the information included in the prospectus.

Furthermore, Dutch law does not require the auditor to perform additional assurance procedures with respect to Section 115x, subsection 1, under c, of the BGfo Wft. Pursuant to Section 115x, subsection 1 under c of the BGfo Wft, the prospectus of an alternative investment fund contains the information which investors need in order to form an opinion on the alternative investment fund and the costs and risks attached to it.

Our opinion is not modified in respect of these matters.

Responsibilities of the manager for the prospectus

The manager of the Windmill Trend Evolution Fund is responsible for the preparation of the prospectus that contains at least the information required by or pursuant to the Wft for a prospectus of an alternative investment fund.

Furthermore, the fund manager is responsible for such internal control as it determines is necessary to enable the preparation of the prospectus that is free from material omission, whether due to error or fraud.

Our responsibilities for the examination of the prospectus

Our responsibility is to plan and perform our examination in a manner that allows us to obtain sufficient and appropriate assurance evidence for our opinion.

Our examination has been performed with a high, but not absolute, level of assurance, which means we may not have detected all material omissions in the prospectus due to error and fraud.

We apply the “Nadere voorschriften kwaliteitssystemen” (NVKS, Regulations for Quality management systems) and accordingly maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our examination included e.g.:

- Identifying and assessing the risks of material omissions of information required by or pursuant to the Wft in the prospectus, whether due to errors or fraud, designing and performing assurance procedures responsive to those risks, and obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material omission resulting from fraud is higher than for one resulting from errors, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtaining an understanding of internal control relevant to the examination in order to design assurance procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the manager of the alternative investment fund

- 1.3. References in these Terms and Conditions to "persons" are references to companies, corporations, unincorporated associations, partnerships, all other (corporate) entities (*rechtspersonen*) as well as individuals and natural persons (*natuurlijke personen*).
- 1.4. In these Terms and Conditions the masculine shall include the feminine and the neuter and the singular shall include the plural and vice versa as the context shall admit or require.
- 1.5. In these Terms and Conditions the headings used are for ease of reference only and shall not be deemed to form any part of these Terms and Conditions.

2. NAME, LEGAL FORM, TAX AND REGULATORY STATUS

- 2.1. The name of the Fund is: Windmill Trend Evolution Fund.
- 2.2. The Fund is a fund for joint account (*fonds voor gemene rekening*) organised and existing under the laws of the Netherlands.
- 2.3. The Fund is an investment fund (*beleggingsfonds*) as referred to in article 1:1 of the FSA. The Fund Manager is in possession of an AFM license as referred to in article 2:65(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.
- 2.4. The Fund is under Dutch law not a legal entity nor a partnership, commercial partnership or limited partnership (*maatschap, vennootschap onder firma or commanditaire vennootschap*), but a contractual arrangement sui generis between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Fund Manager or the Legal Owner for the account and risk of the Participants.
- 2.5. These Terms and Conditions form part of the contractual relationship existing between the Fund Manager, the Legal Owner and each Participant (separately) originating from the execution of the Participant's Subscription Form.
- 2.6. These Terms and Conditions do not form an agreement between any or all Participants among themselves and are not (otherwise) aimed at any cooperation among or between any or all Participants and no provision of these Terms and Conditions shall constitute or be interpreted as constituting any right or obligation existing between any or all Participants

vis-à-vis each other or as a cooperation agreement (*samenwerkingsovereenkomst*) between the Fund Manager, the Legal Owner and any of the Participants.

- 2.7. A Participant's obligation to pay a consideration for Participations is a commitment (*verbintenis*) to the Legal Owner (represented by the Fund Manager) only. This commitment is no contribution (*inbreng*) or commitment to make contribution to any partnership.
- 2.8. The Fund qualifies as a transparent or "closed" fund for joint account Dutch tax purposes, since, except for Permitted Transfers, Participations can only be transferred to the Fund itself (redeemed) since a transfer of Participations is not possible. Consequently, the Fund does not qualify as a taxable entity. Tax is therefore levied on the results and revenue of the investment at the level of the Participants and not at the level of the Fund itself. This implies that for Dutch tax purposes the Fund's results are directly allocated to the individual Participants in accordance with the size (and, if applicable, the duration) of their pro rata investment.

3. TERM

The Fund is formed for an indefinite period of time but shall terminate upon the occurrence of any of the events set forth in Article 24.1 of these Terms and Conditions.

4. FUND OBJECTIVE, INVESTMENT STRATEGY, INVESTMENT RESTRICTIONS

- 4.1. The Fund's objective is to achieve medium-term capital gains for the Participants.
- 4.2. To achieve the Fund Objective, the Fund will primarily invest in AHL Shares issued from the AHL Fund and may acquire interests in other Investment Funds mainly focussed on innovative systematic strategies that invest outside the mainstream markets. The Fund may also hold cash and cash equivalents.
- 4.3. If the Fund holds investments denominated in currencies other than the Euro, this entails a foreign exchange risk. The Fund Manager may therefore hedge foreign exchange risks if it considers this to be in the interest of the Fund.
- 4.4. Article 4:37(c)(5) FSA contains certain requirements for feeder AIFs within the meaning of article 4.1(m) of the AIFMD. Therefore, the Fund Manager shall not (i) invest eighty five per cent. (85%) or more of the Fund Assets in units or shares of (a) any one (1) Investment Fund, or (b) more than one (1) Investment Fund where such Investment Funds have identical investment strategies; or (ii) otherwise have an exposure of at least eighty five per cent. (85%) of the Fund Assets in any one (1) Investment Fund, unless it would believe to still be acting in compliance with article 4:37(c)(5) FSA, for instance if:
 - 4.4.1. following such investment or exposure the Fund shall not fall under the definition of a feeder AIF within the meaning of article 4.1(m) of the AIFMD; or
 - 4.4.2. the competent authorities so confirm.

- 4.5. The Fund Manager is not allowed to lend any of the Fund Assets to a third party or borrow money against such assets, except for bridge financing purposes.

5. MANAGEMENT AND ADMINISTRATION, LIABILITY OF THE FUND MANAGER

- 5.1. The Fund Manager is charged with the management and administration of the Fund. The Fund Manager is, subject to these Terms and Conditions, entitled and authorised (i) to acquire (*verkrijgen*) and to dispose of (*beschikken over*) Fund Assets and to enter into and assume Fund Obligations in the name of the Legal Owner for the account and risk of the Participants, and (ii) to perform any and all other acts in its own name or in the name of the Legal Owner for the account and risk of the Participants which are reasonably necessary for or conducive to the attainment of the Fund Objectives. The Fund Manager's authority to act in the Legal Owner's name shall be subject to a power of attorney granted to the Fund Manager.
- 5.2. In the performance of its obligations and in the exercise of its rights, powers and authorities hereunder, the Fund Manager shall exercise the standard of care, skill, prudence and diligence under the circumstances then prevailing that a prudent (*zorgvuldig*) person acting in a like capacity and familiar with such matters would use in the conduct of managing an investment fund of like character, risk profile and Fund Objectives as the Fund, having regard to the provisions hereof.
- 5.3. In managing and administering the Fund, the Fund Manager shall act solely in the interest of the Participants. The management and administration of the Fund shall be performed for the account and risk of the Participants. Benefits and/or losses resulting therefrom shall consequently be for the benefit of or be borne by the Participants, without prejudice to the provisions of Article 11.3 of these Terms and Conditions.
- 5.4. The Fund Manager shall only be liable towards the Participants for a loss suffered by them in connection with a breach of Fund Manager's duties and responsibilities under the Fund Documents that is attributable to it (*toerekenbare tekortkoming in de nakoming*).
- 5.5. The Fund Manager may contract other third parties in the exercise of its powers and duties under these Terms and Conditions and shall exercise reasonable prudence (*zorgvuldigheid*) in the selection of such third parties.

6. AUTHORITY TO INVEST AND ADMINISTER

- 6.1. Subject to the Fund Objective, the Investment Strategy, the Investment Restrictions and this Article 6, the Fund Manager may invest in any eligible assets and assume eligible obligations. The determination of the Fund Manager as to whether or not the assets and obligations are of a type which may be acquired or held by or on behalf of the Fund in view of the Fund Objective, Investment Strategy and Investment Restrictions shall be conclusive.
- 6.2. It is the intention that subject only to the Investment Strategy and the Investment Restrictions and the specific restrictions mentioned herein, the Fund Manager shall have the broadest power and authority in making investments consistent with the investment powers

herein provided. The Fund Manager shall have sole discretionary power to retain for as long a period as it shall think proper and to manage, convert, exchange, transfer and dispose of the Fund Assets and Fund Obligations. The Fund Manager shall have and may exercise every right and privilege pertaining to management provided that the exercise of such right or privilege is consistent with these Terms and Conditions.

7. CONFLICTS OF INTEREST

7.1. The Fund Manager (with respect to the Fund) will not, directly or indirectly:

7.1.1. enter into any investment, divestment or other business transaction (including, but not limited to, the hiring of service providers as referred to in Article 5.5 of these Terms and Conditions) with the Fund Manager, the Legal Owner, any Participant or any of its or their Affiliates;

8. RESIGNATION OF THE FUND MANAGER

8.1. The Fund Manager shall resign, without any further action of any party being required:

8.1.2. upon the provision of sixty (60) calendar days' notice to the Legal Owner, the Depositary and the Administrator,

it being understood that no resignation of the Fund Manager shall be effective before the appointment of a successor Fund Manager, whether or not on a temporary basis, in accordance with the provisions of Article 8.3 of these Terms and Conditions has become effective.

- 8.2. The Participants may at any time by resolution taken by Special Consent remove the Fund Manager as the fund manager of the Fund, such removal to have effect after three (3) months from the date notified in writing to the Fund Manager.
- 8.3. The Participants shall no later than thirty (30) Business Days after the date of occurrence of the event causing the resignation of the Fund Manager or after the Fund Manager has been notified of its removal, by resolution taken by Ordinary Consent appoint a substitute Fund Manager. - 8.4. Upon the effective date of the resignation or removal of the Fund Manager, any rights and obligations of the Fund Manager under these Terms and Conditions shall immediately cease to exist (it being understood that the Fund Manager remains entitled to its Management Fee and its reimbursements referred to in Article 18.2 of these terms and Conditions to the extent allocable to an already expired period of time).
- 8.5. The Fund Manager hereby commits itself to cooperate fully in the transfer of its contractual position with the Participants, the Legal Owner and the Depositary to a successor Fund Manager.

9. FUND ASSETS AND FUND OBLIGATIONS, THE LEGAL OWNER

- 9.1. All Fund Assets shall be legally owned by and will be administered in the name of the Legal Owner. All Fund Obligations shall be assumed by the Legal Owner as debtor. All agreements of the Fund shall be entered into in the name of the Legal Owner.
- 9.2. The Legal Owner shall acquire and hold the Fund Assets for the purpose of management and custody (*ten titel van beheer en bewaring*) for the account and risk of the Participants and will receive any income and proceeds on or originating from Fund Assets paid to it by a custodian or the underlying obligor in a capacity of agent, nominee or otherwise on behalf and for the benefit of the Participants.
- 9.3. The Legal Owner shall assume the Fund Obligations in its own name for the account and risk of the Participants, as qualified by these Terms and Conditions and without prejudice to the provisions of Article 11.3 of these Terms and Conditions.
- 9.4. The Legal Owner shall ensure that with respect to the Fund Obligations assumed and contracts entered into in the name of the Legal Owner, it shall be explicitly stipulated that (i) the Legal Owner is acting in its capacity as legal owner of the Fund, and, unless the Legal Owner deems such statement in a specific contract not feasible, immaterial and/or not in the interests of the Participants, that (ii) the counterparty or counterparties undertake(s) to never seek recovery on anything other than the Fund Assets.
- 9.5. In acting as the legal owner of the Fund, the Legal Owner shall act solely in the interests of the Participants. The Legal Owner cannot represent (*vertegenwoordigen*) or bind the Participants.

- 9.6. The Legal Owner shall only dispose of the assets held by it in custody following receipt of a statement from the Fund Manager that such delivery is required in connection with the regular performance of management duties.
- 9.7. The Legal Owner shall only dispose of the assets held by it in custody with the cooperation of the Fund Manager; for this purpose the Legal Owner hereby grants a power of attorney to the Fund Manager, with full powers of substitution, to perform all custody and asset management activities pursuant to the Terms and Conditions.
- 9.8. The Legal Owner shall only be liable towards the Participants for a loss suffered by them in connection with a breach of Legal Owner's duties and responsibilities under the Fund Documents that is attributable to it (*toerekenbare tekortkoming in de nakoming*).

10. RESIGNATION OF THE LEGAL OWNER

- 10.1. The Legal Owner shall resign, without any further action of any party being required:
- 10.1.1. with immediate effect upon its bankruptcy (*faillissement*) or dissolution (*ontbinding*) or upon the Legal Owner having been granted suspension of payments (*surséance van betaling*); and
- 10.1.2. upon the provision of sixty (60) calendar days' notice to the Fund Manager and Administrator,
- 15.1 it being understood that no resignation of the Legal Owner shall be effective before the appointment of a successor legal owner, whether or not on a temporary basis, in accordance with the provisions of Article 10.2 of these Terms and Conditions has become effective.
- 10.2. Following or in anticipation of the resignation of the Legal Owner, the Participants shall no later than ten (10) Business Days after the date of occurrence of the event causing the resignation by resolution taken by Ordinary Consent appoint a substitute legal owner. As long as no successor legal owner has been appointed, the person or entity designated for that purpose by the Fund Manager shall temporarily act as legal owner of the Fund.
- 10.3. The Legal Owner hereby commits itself to cooperate fully in the transfer of its contractual position and all Fund Assets and Fund Obligations held by or registered in the name of the Legal Owner to a successor legal owner. In particular, the Legal Owner hereby (i) commits in advance to transfer all Fund Assets and Fund Obligations to the successive legal owner and to carry out all necessary in rem acts and other acts, and (ii) grants irrevocable power of attorney to the Fund Manager to in its name perform all acts referred to in or conducive to what is stated sub (i) of this Article 10.3.
- 10.4. Participants waive their right to take recourse on any assets, other than the Fund Assets, held in the name of the Legal Owner in its capacity of holder of legal ownership of assets of funds other than the Fund.

11. PARTICIPANTS, RIGHTS AND OBLIGATIONS OF THE PARTICIPANTS

- 11.1. Each Participant shall, subject to the qualifications set forth in these Terms and Conditions, be beneficially entitled to the Fund Assets and Fund Obligations and any income generated thereon pro rata the number of its Participations.
- 11.2. Each Participant shall be bound by and subject to these Terms and Conditions by submitting a signed Subscription Form to the Fund Manager. Each Participant will be provided with a copy of these Terms and Conditions.
- 11.3. The liability of a Participant vis-à-vis the Fund will be limited to the amount of the Total Subscription Amount due by the Participant in respect of its Participations to the extent not previously paid to the Legal Owner, but notwithstanding its liability by virtue of the law and these Terms and Conditions for its default on any of its obligations under these Terms and Conditions and its Subscription Form. The Participants shall not be liable for the Fund Manager's obligations, the Legal Owner's obligations or the Fund Obligations.

12. MEETINGS OF PARTICIPANTS, RESOLUTIONS OF PARTICIPANTS

- 12.1. Meetings of Participants will only be held when called by the Fund Manager. The Fund Manager must call a meeting of Participants (i) as often as the Fund Manager deems necessary in the interest of the Participants, and (ii) in case one (1) or more Participants holding, in total, at least twenty five per cent. (25%) of the outstanding Participations request the Fund Manager in writing to call and hold such meeting, stating the matters to be placed on the agenda for such meeting, in which case the meeting must be held within fourteen (14) days after the date of the request.
- 12.2. The agenda for a meeting of Participants shall be determined at the sole discretion of the Fund Manager or, as the case may be, the Participant(s) who requested the Fund Manager to hold the meeting in accordance with the second sentence of Article 12.1 of these Terms and Conditions. No valid resolutions can be taken on subjects not mentioned on the agenda unless such resolution is taken by unanimity of votes of all Participants.
- 12.3. Notice for a meeting of Participants will be published on the Website and sent to the (e-mail) addresses of the Participants in accordance with the provision of Article 27.1 of these Terms and Conditions at least fourteen (14) days prior to the date of the meeting of Participants. Such notice will state the date, time, place and location and the agenda for the meeting and enclose any documents relevant for the meeting.
- 12.4. With any request of the Fund Manager for consent or approval by the Participants, the Fund Manager will prepare a memorandum providing background information on the matter. The memorandum will be sent to the Participants not later than simultaneously with the convocation.
- 12.5. A Participant may participate in a meeting by telephone. Meetings of Participants may be held by conference call unless a majority of the Participants in a specific case oppose against the holding of the meeting by conference call. Resolutions taken at such meeting need after the meeting to be confirmed in writing by the applicable majority of Participants in order to be valid.

- 12.6. A Participant may authorise (*volmachten*) another Participant or other person to attend a meeting of Participants (or participate in a meeting of Participants by telephone), to address the meeting and to vote at the meeting provided that the relevant power of attorney is validly set forth in a written document submitted prior to the meeting to the chairman of the meeting.
- 12.7. The Fund Manager shall appoint a chairman of the meetings of Participants unless the meeting is called at the request of one or more of the Participants in which case the requesting Participant(s) shall appoint the chairman of the meeting. The chairman shall be responsible for determining the procedure to be adopted for the conduct of any meeting of Participants.
- 12.8. Each Participant may cast one (1) vote per Participation. Blank votes will be deemed not to have been cast.
- 12.9. The Fund Manager or such other person designated by the chairman of the meeting shall record all votes taken during conference calls or at meetings of Participants and maintain a copy of consents obtained in writing, by facsimile, or by e-mail. Detailed voting records should promptly be made available by the Fund Manager to any Participant upon request.
- 12.10. The Fund Manager, or such other person designated by the chairman of the meeting will keep minutes of the meetings of Participants. The draft minutes will be distributed to all Participants within thirty (30) days after the date of the meeting and submitted for approval at the next meeting of Participants.
- 12.11. The Participants may also adopt resolutions outside a meeting, or in a meeting for which notice was given less than fourteen (14) Business Days prior to the meeting date, in which case resolutions shall be adopted in writing, provided that the proposed resolutions are submitted to all Participants and none of them objects to the proposed manner of adopting resolutions.

13. PARTICIPATIONS, REGISTER

- 13.1. Participations are rights registered in the name of the Participants. Participation certificates shall not be issued.
- 13.2. The Fund shall have two (2) classes of Participations, Class A Participations and Class B Participations. All Classes provide exposure to the same Investment Objective and Investment Strategy. The sole difference between the different Classes is the currency of the Participations the Participants can subscribe for. Prospective Participants can subscribe for Class A Participations in EUR and for Class B Participations in USD. Because the base currency of the Fund is the Euro, this entails a foreign exchange risk for the holders of the Class B Participations. The Fund Manager intends to hedge foreign exchange risks. Any profits or losses of currency hedges shall be allocated to the holders of the Class B Participations.

- 13.3. The Administrator shall keep the Register, specifying the name and address of each Participant, the number of its Participations and the Class of each of its Participations and the relevant Subscription Date. The Fund Manager shall sign all entries to the Register.
- 13.4. The Administrator and the Fund Manager may rely on the accuracy of the information provided by each Participant for inclusion in the Register and treat such information as conclusive with respect to such Participant and its entitlement to its Participations. The Administrator and the Fund Manager shall not be bound:
- 13.4.1. by any change in such information which has not been notified to the Administrator in accordance with Article 13.5 of these Terms and Conditions; or
- 13.4.2. to recognise any interest or claim of any person to a Participation other than those of the Participant duly registered in the Register as holder of these rights.
- 13.5. Each Participant shall notify the Administrator promptly by written notice of any change in the information included in the Register in relation to such Participant.
